

# ORACLE 1978

Jim Vlahos 6-8-78

Jim,

To a excellent cartoonist, it was  
great being in the same class as you.  
Have a great summer and good  
luck next year at Edison.

Peace, Brian Myers

Jim,

you're a neat guy.  
I probably wouldn't  
have met you, but thanks  
to Carlos, I made a new  
friend. I hope you had as  
much fun at the prom with  
your date, as I did with Carlos.  
Have fun in school, cause when  
it ends you'll miss it, even though  
you don't think you will.  
Have a nice summer  
and maybe I'll see you.  
Take care.

Jim,  
History with Mr. G. was  
fun. I really enjoyed  
your cartoons. You draw  
very well. I hope we  
have a class together  
next year. Have a great  
summer.

# Student Involvement Makes Edison Spirit

With the Charger spirit ranging from painting windows to the hanging of the starting offensive line-up, students let their imaginations out. During spirit week, everyone becomes involved in

the activities that range from a class tug-a-war to a pie eating contest. When the F.V. game comes, every person on campus has his or her spirit and makes it a work of art.

(bottom right) One of the most popular classes this year is ceramics, where students create their own pottery.

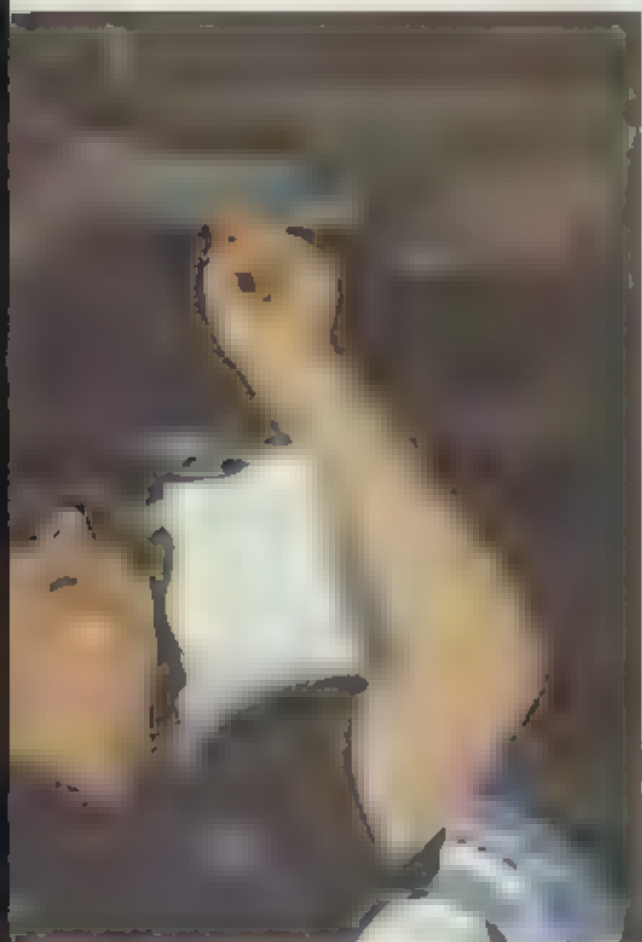

# Classes Show Wide Variety In Selection And Studying

With class selections ranging from Auto Shop to Physiology, students had quite a wide variety of schedule selections. Schedules revolved around college preparatory classes, basic academics, and vocational and business classes.

Students way of studying were about as numerous as the classes. Some had empty periods to use as study halls for their other classes, while still more students had to squeeze studying between school and a part time job. Reading in the bowl or doing research in the library also helped complete class requirements.

# Put The Future Ahead . . .

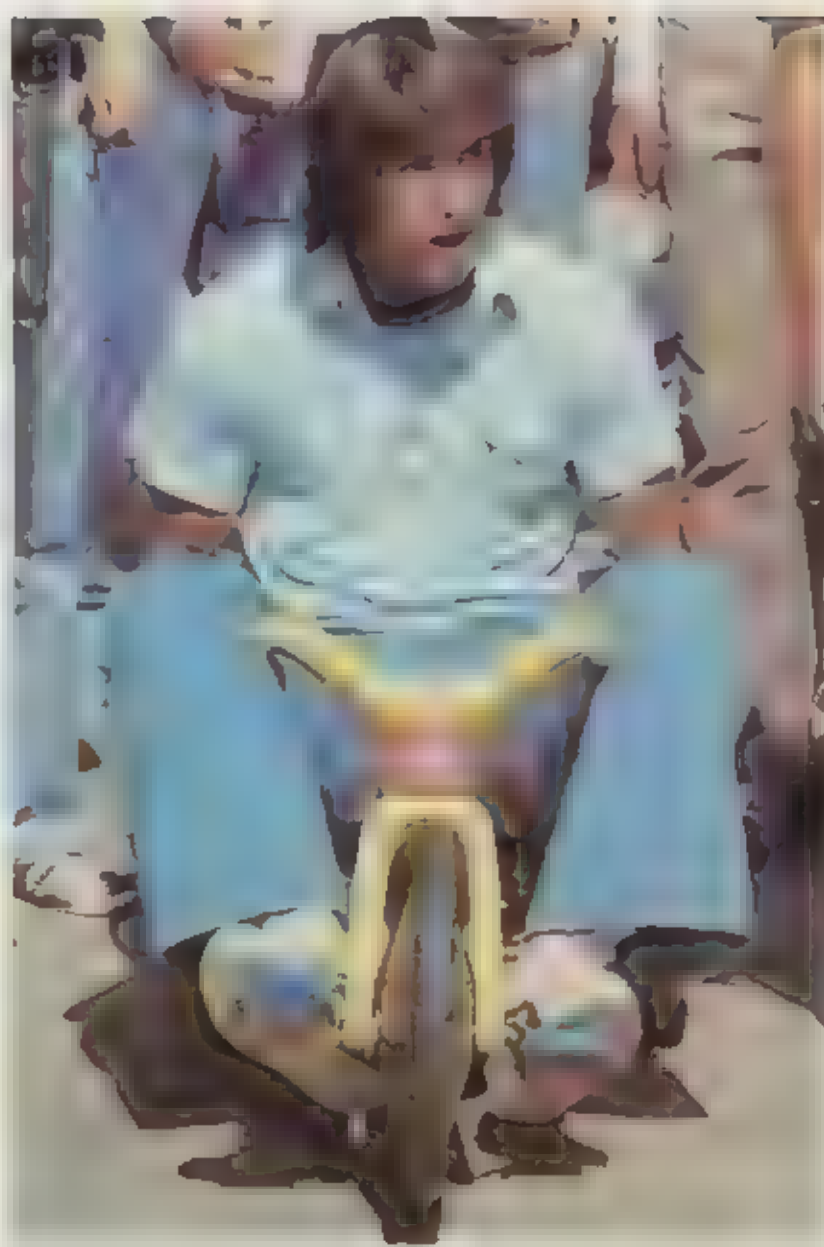

## The Past Behind

While most seniors are either working toward College or working at a job, they are making the most out of their senior year. The seniors get involved in many of the activities around school to make their last year more enjoyable and memorable. For next year, this year's seniors will start to make their "life time dream" come true.

# Football Games: Something For Everyone

Football games are not just football but a potpourri of happenings that make Edison's athletic events fun and exciting to attend. The evenings always start off with pre-game which includes the salute to the flag. With the kick-off the game begins

Tension mounts as each team battles for victory. The half-time breaks the tension of the game as the Band, Banner, and Drill Team present one of their colorful performances. Once again tension begins to mount as the Chargers return for the last two quarters of the game

Due to the versatility shown at the game all who participate keep spirits high through either victory or defeat

The ninth annual Edison Homecoming was held at LeBard Stadium at Orange Coast College. "Somewhere over the Rainbow" was the theme for the halftime festivities where Lynne Harris was crowned queen. Lynne has been very active in Drill Team, G.A.A., A Capella Choir, Dance, and Madrigals. The five Homecoming finalists were Celine Wang who has been active in C.S.F., Senior Council, and has been a three year cheerleader; Teresa Tomasic has been Girls' Athletics Commissioner for two years, member of the Live Wire staff, and on the tennis team; Crystal Langdale is presently involved in G.A.A., C.S.F., and Junior Class politics; and Janelle Spang has been involved in G.A.A., C.S.F., Drill Team, and Secretary of the Senior Class.

# Victorious Homecoming

## 20-0

Starting off League Football with the Homecoming game, the Chargers have a successful victory against Marina Vikings with touchdowns by Tim Frink (2) and Jeff Hyder (1), and with Mike Haney converting two out of three P.A.T.'s. This victory gives Edison their eighth straight Homecoming victory.

# Comes Through

The strength of Edison does not always consist of victorious win-nings, but of the pride of everyone who attends. This pride varies from taking your favorite class

to watching your teacher prove how strong he or she is. Every student shows his own pride in Edison in his own unique way

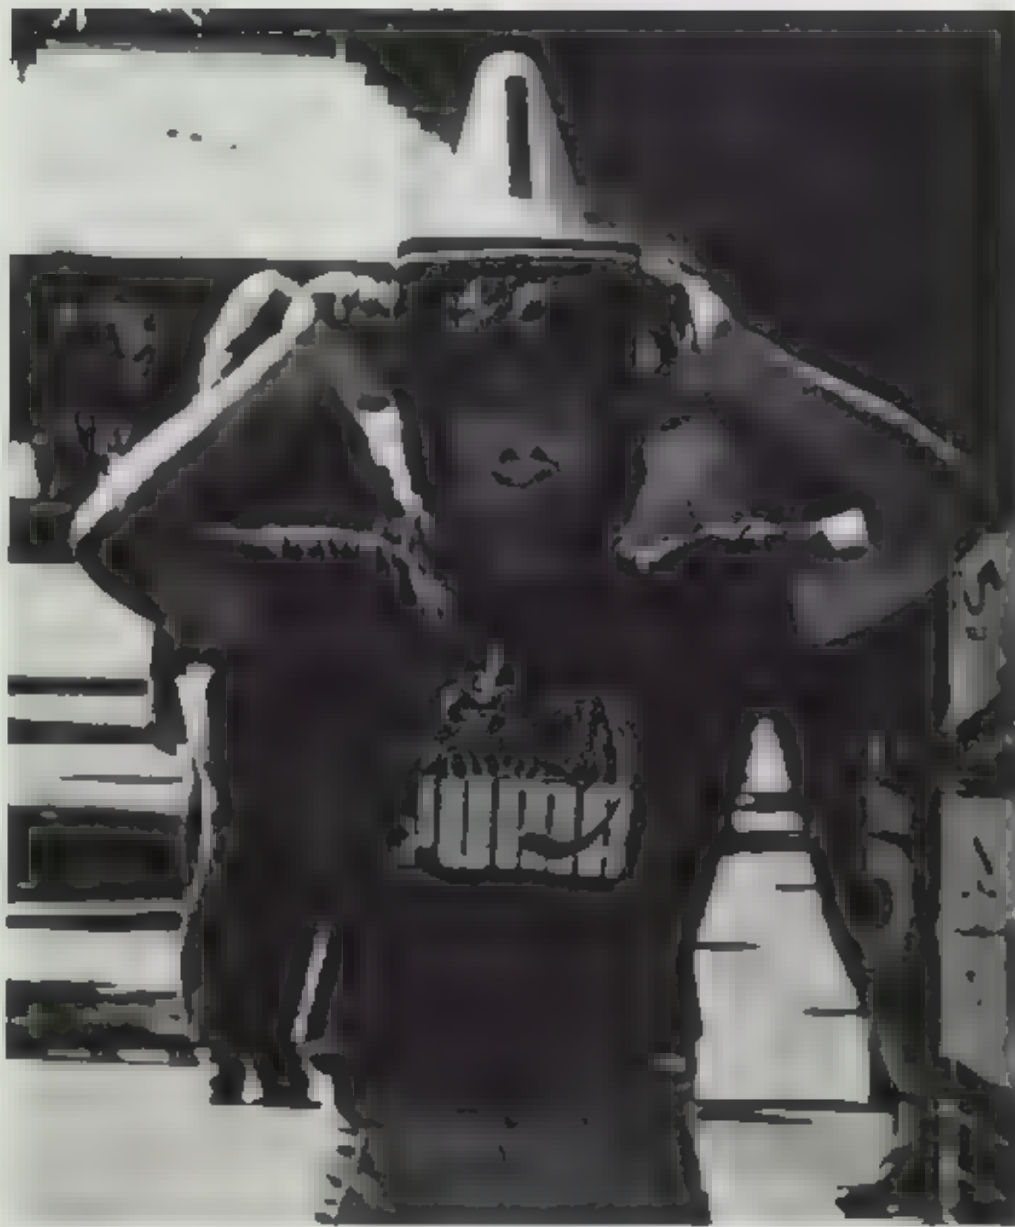

## Students Show Their Spirit!

The students of Edison always find ways to have fun. Without any special events happening, occupying time is quite, easy. From creating the first Slob Day - thanks to the senior class, - eating pizza, Edison Chargers do it with ways of spirit.

# Pep Assemblies Help Boost Charger Spirit!

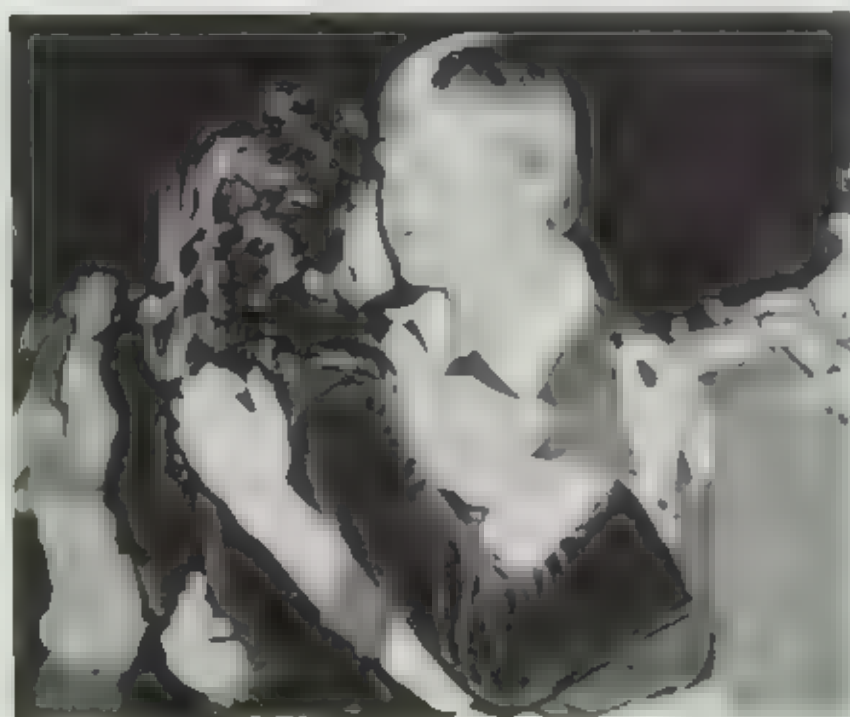

Besides being exciting and fun-filled, the pep assemblies this year showed much enthusiasm and spirit. Some of the events that captured this spirit were the pie throwing contest, the Drill Team's performance to the Theme from Star Wars, and the "stand by" for Sylvester Stalone

# Students End The Night At A Sock Hop

After spending an exciting evening at a football or basketball game, what better way is there to end the evening than at a sock hop with a very special person? Sock hops play an important role for Edison High School students. They not only provide an enjoyable and relaxing place for students to meet each other, but they are also an important source of income for the many clubs that sponsor them.

## Old Meets New At Holiday Happenings

Edison's traditional holiday events combined with some new and unusual events created an exciting week of Holiday Happenings. The more traditional events included the door decorating contest, the choir singing through the halls, and even an appearance by Santa Claus to pose for pictures. One of the new events introduced this year was the Mr. Legs Contest, which was won by Casey Fitzgerald. The Band, Banners, and Drill Team concluded the week with their annual trip to Disneyland for the Christmas Parade

### Show Spirit

The Rowdy Rooters of Edison showed their spirit at football and basketball games. They made up many of their own cheers and danced along with the band. Members were distinguished by the derby which made its debut this year.

# Julie Crowned Queen Of Courts

Edison's Queen of Courts has become a popular tradition and this year was no exception. The ceremony was highlighted by an exciting basketball victory over Marina. Queen of Courts Julie Riley was crowned during half-

time by last year's Queen, Tina Carozza. Chris Crater was Master of Ceremonies and Suzanne Vautrinot was the Mistress of Ceremonies for the ninth annual Queen of Courts ceremony

## Best Of My Love

This year's Valentine's Dance was held at the Long Beach Edgewater Hyatt House from 8:30 til 12:30 p.m. The theme for the night was "Best Of My Love" and music was provided by the band Message. Pictures were taken for remembrance of the night by Albert and James.

# Laughs For all At The Dating Game

Funny questions and even funnier answers abounded at Edison's Fifth Annual Dating Game, which was held February 10 in the gym. Two Fountain Valley students, John Smith and Lynn Ross, were asked to select dates from a panel of Edison students. Lynn chose Tony Petros for her date and John chose Julie McClellan. The two couples spent a day at Disneyland and also an evening at a surprise restaurant!

## Students' Interests Vary

Whether simply meeting the requirements for a diploma, seeking and learning more about future goals, or just relaxing and having a good time, each Edison student is involved with his school in his own unique way.

# Drama Meets Its Match

Many hours of work were put into the production of 'The Matchmaker', the first play of the year. The drama department had to use a new room in which they built an entire stage

'The Matchmaker' is about two young lovers kept apart by the girl's eccentric uncle. In the end he accepts the situation after having found someone to love him

The acting made the play interesting and humorous, and was under the direction of Mitch Teemley

## Presenting: Theatre In The Raw

New to the student body at Edison was the Theatre Department's presentation of Lunch time Theatre in the Raw. Every Friday promptly at noon, the doors would open and yet another episode of "The Last Resort" - or possibly a one-act play or a scene from one of the theatre classes - would be presented. Everyone leaned back, ate their lunches, and enjoyed the presentation.

## Donkeys Have A Field Day.

As a tradition of Edison, the Donkey's came to our school's Basketball court. This year the game was between the Huntington Beach Police Department, and the students and faculty of Edison. The final out-come was a score of 62 to 60, in favor of the police. The game was held at 7 p.m. on Nov. 22.

## Many Students Give A Helping Hand

Students who attend the Community Service Program at Fairview have a unique opportunity and experience. They work with extremely handicapped patients, trying to educate some people where possible and just giving a helping hand to others. The reward for the patients is seeing a young person each day who comes to help them. The reward for the student is giving something to someone less fortunate. It is a rewarding experience for both the giver and receiver

# Work + Time = Youths Of The Month

At beginning of the year, any senior interested in applying for the Youth of the Month award was given an application that asked the student to list his or her academic, social, and sports achievements. When these were turned in, the total points, for each individual were ranked, and the top twenty-four became the Youths of the Months. Of these highest ranking candidates, the top two were chosen for the Youths of the Year

# Students Excel And Gain High Honors

As Edison's Youths of the Year, Mitch and Zan are now eligible for a \$5000 scholarship from the California Exchange Club. In order to receive this scholarship, the participant must first win the district's competition. By winning the district competition, an individual is awarded a \$500 scholarship and becomes eligible for the statewide competition.

In choosing the winners from the state competition, the judges look at the total points for the Youth of the Month competition, read essays the students are each asked to write, and interview all of the students. The student with the highest total points will win the \$5000 scholarship, which may be used in any way the recipient chooses.

# High Honors Earned

"I think of Edison as a hallway through which we all must pass. At the end is a door which opens to a new world of individual future plans, goals, and achievements. I look back through this doorway seeing concerned teach-

ers, good friends, and memorable experiences which have successfully led me from youth to adulthood."

Cheryl Ehin

## By Cheryl And Phyllis

"Keeping the reputation of Edison High School as a great, Spirited school will depend on the kind of effort forthcoming classes put into it. Individuals and their personal motivations and attitudes will determine whether the potential that Edison offers will

become a reality.

"During my four years at Edison, I have been majoring in business and will graduate with a Secretarial certificate. Already, because of the preparation through this program, I am employed at

a good job using all my acquired secretarial skills. I plan to go to a private, four year college, continuing in business."

## Bad Breaks Go Against Chargers

The Varsity Football team lead by Coach Bill Workman set a goal to become league champs for the second year in a row, but bad breaks kept them from that goal. Ending the season with a 5-5 record, Coach Workman said that they were the best team with that record around.

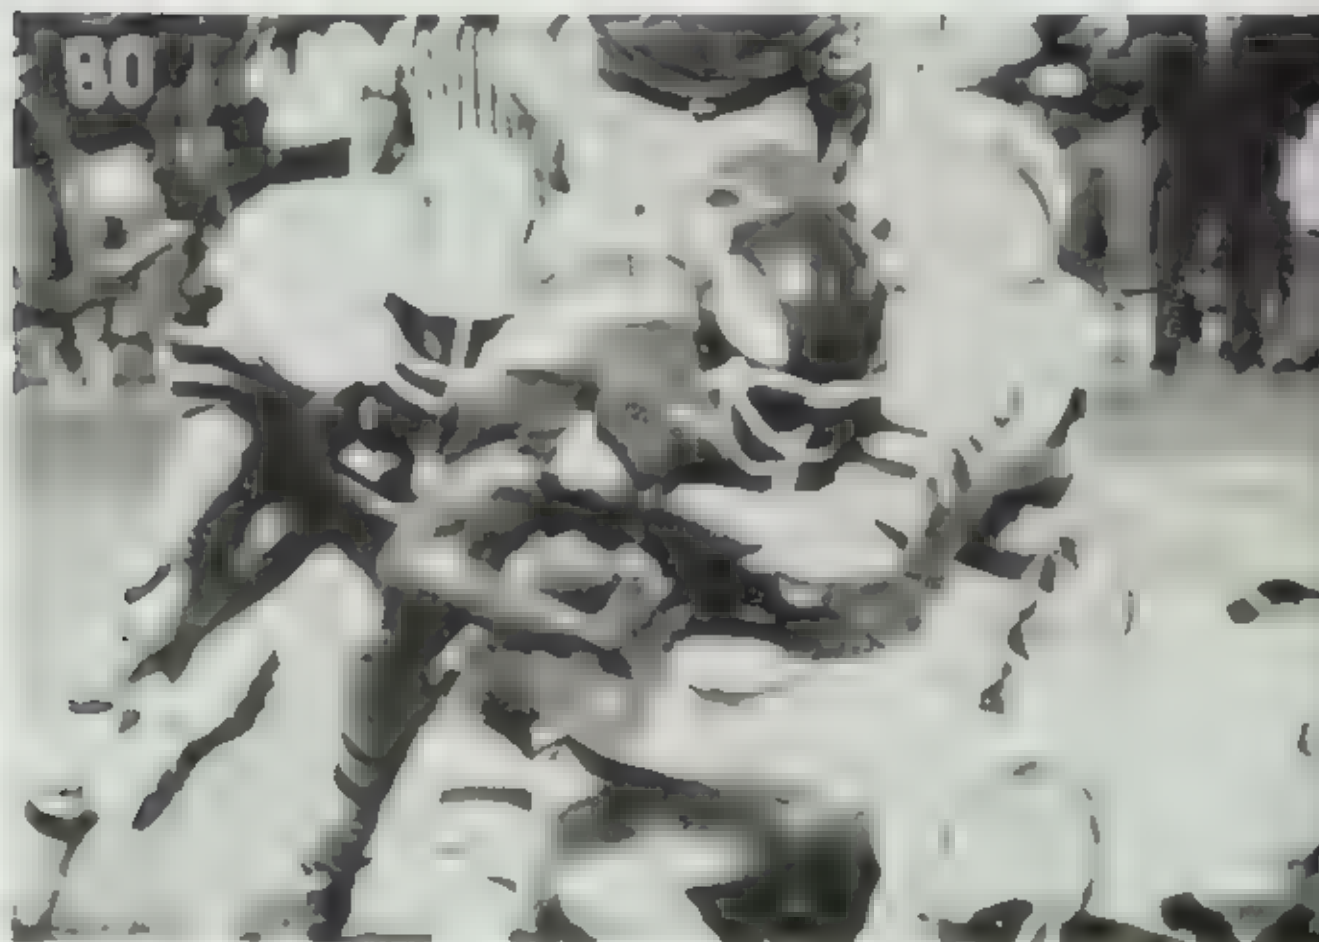

The hardest loss was to Fountain Valley. With Edison leading 3-0 into the fourth quarter, F.V. running back Willie Gittens scored their only touchdown to win 6-3 at the "Big A".

For the first time a sophomore started as a quarterback; Frank Seurer got the starting job and has a great future ahead of him. Other outstanding players were Jeff Hyder, Steve Davis, John Bogdan, and Wayne Nabal.

Starting the year out right, the Sophomore Football team shut out Estancia 15-0 for the season opener. Under Coach Gary Farr, the Sophomores compiled a 7-2 record and they were Sunset League co-champs with Newport Harbor. Their most thrilling victory was over Fountain Valley, a 7-3 win. Their most outstanding players were Bruce Friedlander, Dan Ashcraft, Bill Malavasi, Greg Jones, and Mark Bozer.

# Freshmen Show Power And Pride

The Freshman "Green" team under the coaching of Bruce Belcher, Chuck Jenson, and Terry Lorentzen compiled a 4-4-1 score for the year. Under the leadership of co-captains Troy Seurer, and Bill Thomas, the Chargers jumped out to a good start by winning three of their first four games. Teams to be struck by the

Charger lightning were West Torrance, Pius X, Mater Dei, and Huntington Beach. Chargers who shined this year included Duaine Jackson, Jeff Mulucky, Rob Warden, Mike Lee, Sam Mazzara, Scott Strosnider, Jay Jones, Mike Alexander, and John Ahlers.

The Freshmen "Gold" team

under the coaching of Steve Harvey, Fred Fox, and Skip Fraiser compiled a 4-5 record for 1977. Under the leadership of co-captains Jim McGeein and Paul Reinback the district team was in every game to the finish. The Chargers totally dominated the Westminster Lions.

## Edison Girls Take CIF Crown

The Girls' Varsity Cross Country team was favored going into CIF and they lived up to their reputation taking the race and going away with 78 points. The girls went undefeated this year, a streak that included three major invitationals. Paced by senior Cathy Jones and sophomores Sharon Hulse and Alicia Kirkhorn, the team had a year to remember.

The Girls' Junior Varsity had a good year, going undefeated in

Sunset League competition. Top competitors were Jenny Rakhshanni, Judy Curry, and Lisa Clark. Promising Frosh-Soph runners included Becky Falkner and top freshman Kelly Powers

# Varsity Has Tough Season

Coach Gordon Fitzel's Varsity Cross Country team had its ups and downs this season getting strong competition from other Sunset League teams. The first part of the season went well as the team took second in the Mammoth invitational and first in the Corona del Mar Invitational. Later in the season, Varsity standout Mike Landsdon was injured, and the team did not perform as well. Other top Varsity runners were John Goldstein, Mike Slobom, and John Gulpin.

# Cross Country Teams Successful

Edison's Cross Country teams have continually done well in invitational and dual meets throughout the year. At the Mammoth Invitational, the J.V. and Freshman teams took second, and the Sophomores placed a respectable fourth.

Both the J.V. and Sophomore teams had a good year. The Freshman team, led by top runner John Butler, had an excellent season ending up tied for first place in Sunset League competition.

## Makes Second Round CIF

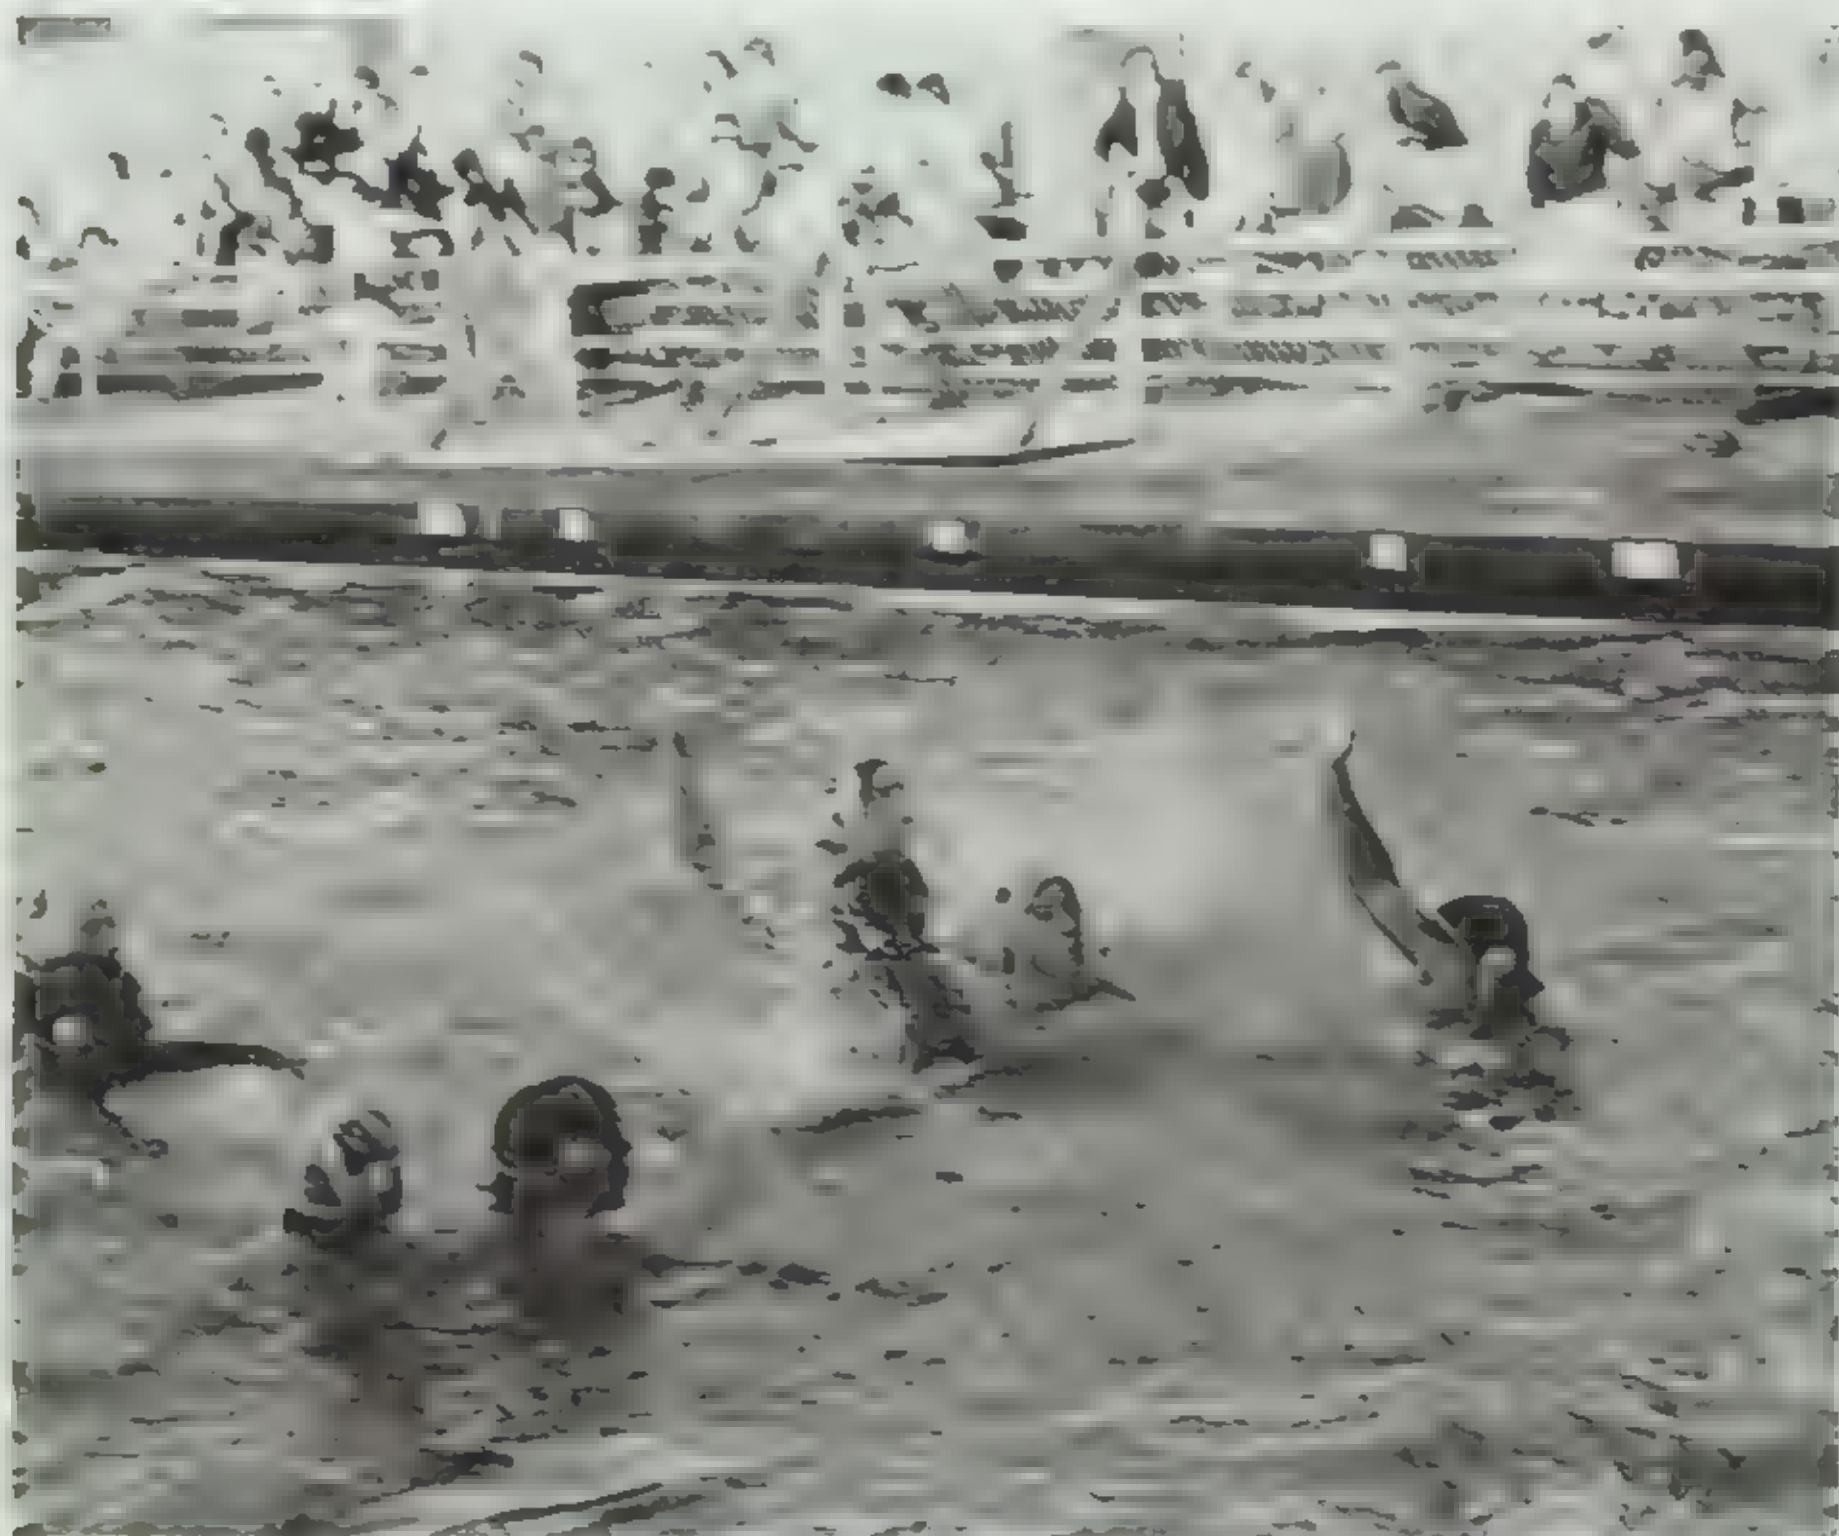

The Varsity Waterpolo team, lead by Tim Speath (80 goals) and Doug Pickford, took second place in the Sunset League with a 4-1 record.

They went on to CIF and played Loara in the first round and won 14-12 in a sudden death. Mira Coasta won the second round 20-3, and the Charger waterpolo

team was rated number 12 in CIF

The players choosen for All-League First Team were Tim Speath and Doug Pickford. On All-League Second Team were Steve Kluk and Bob Bergholtz. Dan Hoffman and Scott Melvin received Honorable Mention.

## Junior Varsity Wins Los Alamitos Tournament

The Junior Varsity Water Polo Team, led by Chuck Crawford, John Feehan, and goalie Bill Mairano, played an excellent pre-season. They won the toughest tournament of the year, Los Alamitos, and took third in the Newport tournament. They finished

the season with a 12-5 record. First Team All-League players were Chuck Crawford and John Feehan. Second Team All-League players were Bob Hamm and Dave Seibt. Robin Roberts was the first girl ever to get Honorable Mention.

# Sophomores Tie For Championship

The Sophomore Water Polo team tied with Marina and Newport for the Sunset League Championship. The Sophomores, led by high scorer Diggy Riley, took second place in the Cyprus tournament and an honorable third in the Estancia tournament. Diggy Riley was the first Freshman ever to

score a goal in CIF. They finished the season with a 4-1 record. First Team All-League players were Diggy Riley and Tim Shields. The Second Team All-League players were Chris Emmery and John Wooden. Keith Uvekawa and Jeff Ouchner received Honorable Mention

# League Champion Freshman Water Polo Is Undeclared

The Freshman Water Polo team lead by All-League players Lon Graham, Rob Mucho, Dave Wooden, and goalie Paul Miller won the Sunset League Championship. They played an outstanding season with an undefeated record of 5 wins and 0 losses in league play. Most valuable player Lon Graham made 18 out of 30 goals. Goalies Paul Miller, Dale Seibt, and Gary Gerstner saved 41 out of 63 goal attempts.

## Chargers Enter CIF

Charger basketball, under second year Coach Don Leavey, ended with their best season in years, going into CIF with a 5-5 record. An outstanding pre-season resulted in championship of the St. Francis Holiday Classic in which they played some of the best teams in and around San Francisco. Co-captains Glen Garrity and Mike McCourt showed why basketball had an excellent season. Other outstanding players were Jeff Tutton, Steve Davis, Darin Bowen and Paul Freudenberg.

## Sophomores League Champions

In an overtime thriller in which the Edison Charger Basketball team defeated highly ranked Huntington Beach, the Chargers became Sunset League Champions. They were the best of fensive team ever at Edison, averaging 68.7 points per game. The Chargers only lost one game all season at the hands of Huntington Beach and defeated their opponents by an average of 20 points a game. Scott Harker and Mario Molina were selected for first Team All Sunset League

Honors. Outstanding performances should also be credited to leading scorer Todd Coulter and Captain Jeff Takushi who had 100 assists to lead the team

The J.V. Basketball team did very well and was in third place with a 5-5 league record. Larry Hirst was the most consistent player all year and led the team in scoring (13.8 points a game average) and rebounding (10.2 average). Steve Odgers and Rex McDonald also played very well. Steve was the second leading scorer as well as making 75% of his shots from the free-throw line. Todd Harker has been a very consistent rebounder all year and averaged 8.2 rebounds a game. Rex McDonald, Jeff Dunn, Mike Hale, and Greg Schroder shared the guard duty. Matt Lothian and Tom Morgan also did a good job and contributed many key baskets and rebounds. All twelve players worked hard and contributed a great deal to the team.

## Freshmen Gain Experience

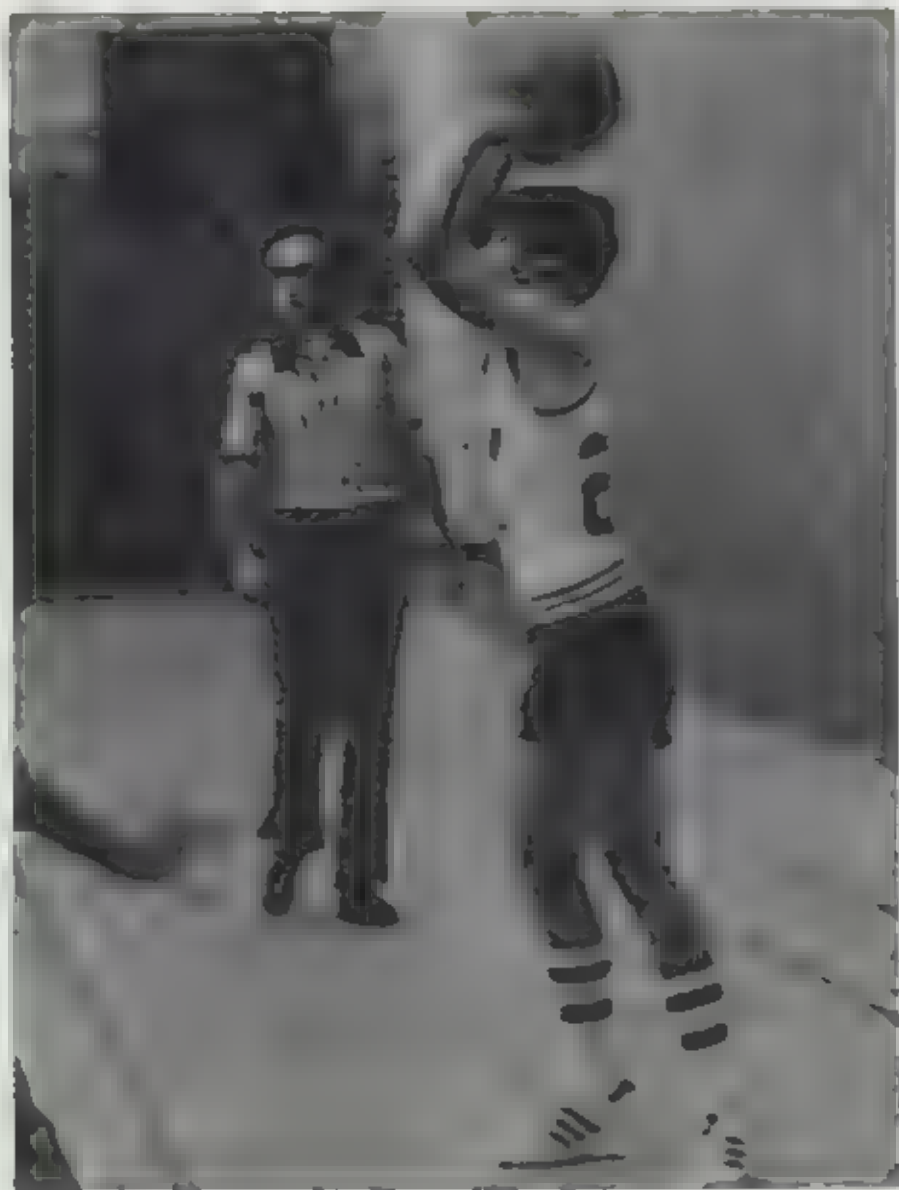

The freshman basketball team under Coach Ken Amman ended the season with an 11-10 record. The best thing about this season, according to Coach Amman, was having the most enjoyable season ever. Outstanding freshmen included All-League Freshman Brian Wessel and MVP Bob Vogelsang. Other consistent per-

formers were Dave Wooden, Rich Romeo, and Melvin Jackson.

## Girls Basketball Fights Hard Throughout The Season

The Girls Varsity Basketball team was tough this season and hoped to win at least over half their games. The team was a young one, with three out of the five starters being freshmen. One of these, Shannon Meyer, averaged over seventeen points a game and was their leading rebounder. Other outstanding players for the Chargers were Sue Vartanian and Sue Randall. Excellent Junior Varsity players included Tracy Richardson, Cherise Chavallaro, Lisa Carroll, and Janna Osterkamp.

Girls' field hockey had an excellent season this year with a record of 7-1 and two ties. This record was good enough to bring the Varsity team second place in the Sunset League Championships. Thanks to the assistant coaching of Cathy David and Shelly Gribben the team had many individual honors also. Making first league team were Ralleen Silva, Shelly Holman, and Tracy Hanlon. Making all-league second team were Cathy Baum and Teena Click. Capturing the most valuable player of the Sunset League was Shelly Holman. Fine performances all around were attributed to the coaching staff and the attendance of many team members at summer training camps.

Varsity Soccer always puts out strong teams for CIF play. This season they proved it again by winning league with a 10-0 undefeated record. Coach Mc Leish starts work in early summer with the Watts Summer Games and tournaments. Brad Webster and Chris Crater, with sixteen goals apiece, posed a threat to other teams. Exchange student Staffan Bylow proved to be helpful to the team. Three year letterman Steve Helmich has kept the ball out of the net more times than any other goalie at Edison. Other defensive stand-outs were Herb Bohm, Mike DiGiovanni, Bob Long, Chris Blunda, and Gus Pilon

# JV And Frosh/Soph-Sunset League Champs

Former Edison soccer players Ken Moreen and Randy Lamb coached this year's JV team to first place in Sunset League for the second year. Their league record was 9-1. The team won third place in the Edison-Fountain Valley Tournament, which contained sixteen of the best teams in CIF. Their highest scoring player was Mark Richardson with twenty-two goals. The best defensive players were Ken Kuester, Gabe Pilon, Derek Hoffnung, and Josh Mullins. The outstanding mid-fielder was Scott Strachen.

The Frosh/Soph team coached by Mr. Mike Shimpock and former Edison soccer player Mike Dresser went undefeated in league this year. This was the first year of coaching for both of them, and they did an outstanding job. The team was made up mostly of freshman, and winning was a great accomplishment for them. High scoring players were Thor Hammer and Kevin Moreen with best defensive players Ned Nabal and Greg Shutt

# Wrestlers Tangle Up Opponents

The varsity wrestling team may have been the best in Edison history. The Chargers had a 15-2 overall record in season play. The biggest thrill of the season was the 35-27 victory over arch-rival Fountain Valley.

The Chargers finished in second place behind Westminster which handed the Chargers their only loss in Sunset League play. Outstanding Chargers were Todd Bover with a 29-1 record; Frank Curry, 30-4; and Bill Taylor, 25-2.

## JV Takes Third In League

The junior varsity wrestling team finished third in Sunset League play with a 2 win and 3 loss record. They were led by outstanding wrestlers John Stickel, Bruce Friedlander, Don Bennett, and Kirk Gross. Coaches Randy Williams and Keith Mayeshiro provided excellent coaching, and the Charger Wrestlers have high hopes for next season.

# Frosh-Soph Places Second In Tournament

The frosh-soph wrestling team coached by Terry Lorentzen, Randy Williams, and Keith Miyashiro placed fifth in Sunset League. The bright spot of the season was placing second in the Estancia tourney held at the beginning of the season. The team was led by Kevin Alves, Scott Posey, Jim Kerins and Joe Cappello.

The Varsity swim team had its greatest moment this year when they became the first team to beat Newport Harbor in four years. Each swimmer in the Newport Harbor meet had "We Believe" written on his back. Hard work and team spirit accounted for their 6-0 league record. The varsity team included freshmen Diggy Riley

and Rob Mucho, who contributed many points throughout the season. Leading the Charger swimmers were Tim Spaeth, Doug Pickford, and Shawn McCraney. Coach Riley hopes that his swimmers will continue to do as well in the following years. This year might possibly be the best year of swim team history.

## JV-Soph Swimmers Do Well

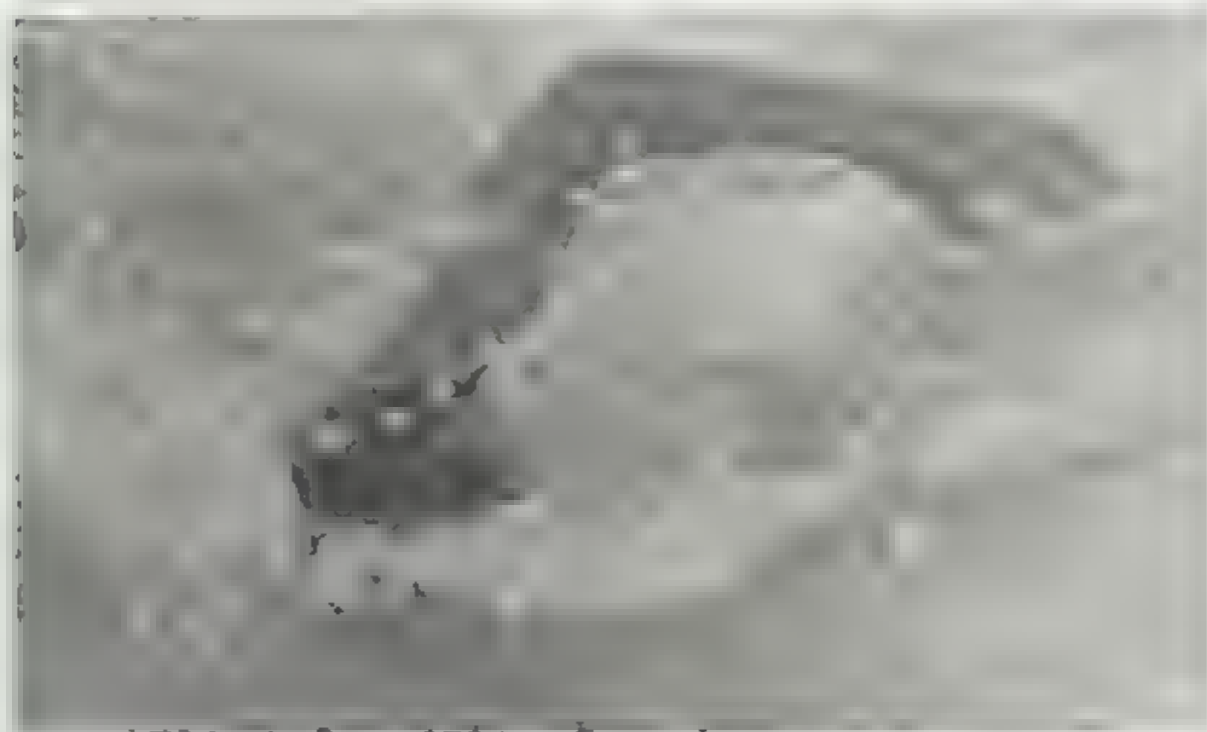

The JV-Sophomore Swim Team did well this year and finished league with a 60 record. The team, led by Tim Shields, Jim Riddle, and Keith Uvekawa, won the league meet this year. Coach Riley hopes for the same type of season next year. This year's team has put in a lot of hard work which was reflected in their excellent season.

The Freshmen swim team had a slightly disappointing season this year because three of the best members of the team swam with varsity during the season. The team led by Gary Gerstner, Lon Graham, and Darrel McCracken had a 2-3 league record. This record put them in fourth place before league finals. Dave Mc-

Cracken was out sick for three of the league meets, and without him the team lost to Huntington Beach, Fountain Valley, and Newport Harbor by narrow margins. Coach Emery believes that the Freshmen team learned a lot this year and he expects them to do well next year.

## One Is Enough

Kevin Mack, a returning senior and four year veteran, was the only member of the boy's diving team. Last year Kevin took second place in C.I.F. diving competition. Coach Brennan thought Kevin did well this year. Kevin's diving excellence has many times carried the Edison swimming and diving team to victory.

## Girls Diving Makes A Splash

The girl's diving team was very large this year. With only two returning divers, Debbie Humphrey and Lisa Brennan, the team did extremely well. Coach Brennan is optimistic about next year's season because most of the divers will be returning. The girl's diving team has always done well and this year's team has upheld the tradition.

The depth and talent of this years swim team made them one of the best teams ever. They did well in dual meets, invitationals, the league meet, and CIF. Coach Bachakes did a lot of things differently this year including that dreaded morning practice and getting a new assistant coach, Mike Kilpatric. With the excellent coaching staff the girls had one of their best years in the history of Edison girls' swimming. Outstanding varsity swimmers included returning swimmers Shaun Greer and Robin Roberts, and new swimmers Holly Shields and Lisa Lavral.

## Birdie Swatters Get Moving

Amidst a rising interest in badminton, coach Audrey Peterson's "Birdie Swatters" had an excellent season. Despite stiff competition from an experienced Newport Harbor team, Edison fared well in Sunset League action. Returning players who helped the team a great deal included Tracy Cisco, Lilly Johnson, Teri Lucas, Kim McMillin, Bobbie Schneider, Shauna Strauss, and Lynn Yerby

Girls Tennis had many problems through the season. After playing outstanding games during the pre-season, they went into league play and found a suprisingly strong opposition

All of the girls showed fantastic talent and superb teamwork, along with true Edison determination. Teresa Tomasic was voted as the Most Valuable Player, Emilt Hart to the Team Captain's position, and Melanie James was voted into the "Girls Hall of Fame". With the fine coaching given by Ms. Tunney and Ms. Smith, the team is looking for a better season next year

# Girls Spring Into Action

In competition the gymnasts can compete in four different areas: The balance beam, uneven parallel bars, floor exercise and vaulting. Their season is divided into two parts. The first part is optional, meaning their own routines, and the second half is compulsory, meaning floor exercises. The coaches of this years gymnastics team were Mrs Bua and Nancy Lewis

# Girls Track

## Speeds Toward

### League Title

Coach Sue Johnson's team included fifty girls, all of whom were determined to race to the league title. Despite fierce competition from Newport Harbor and Huntington Beach, Edison excelled in league action. Stars included Cyndi Carroll, Tawny Ferree, Tracy Hanlon, Cathy Jones, Alicia Kirkorn, and Kelly Ringer, who helped in achieving a balance between running and field events.

# Track Meets Opposition

On February 24, track season began with Coach Taylor helping the teams. Newport Harbor, Fountain Valley, Marina, Westminster and Huntington Beach were the other teams in the league with Newport Harbor and Fountain Valley being their toughest competitors. Some members who showed outstanding ability on the team were Steve Davis, Nick Roach, Jeff Hyder, and Gil Harris

# Season Starts With New Coaching

With the help of new coach Mike Taylor the track team began its season in the middle of February. The strongest events for the team were long distance and middle distance running. Some events the team participated in were low hurdle, 2 mile relay, pole vault, shot put, and spring. The team maintained a winning season against such teams as Fountain Valley, Newport Harbor, Huntington Beach, Westminster, and Marina.

## Varsity Baseball Has Young Players

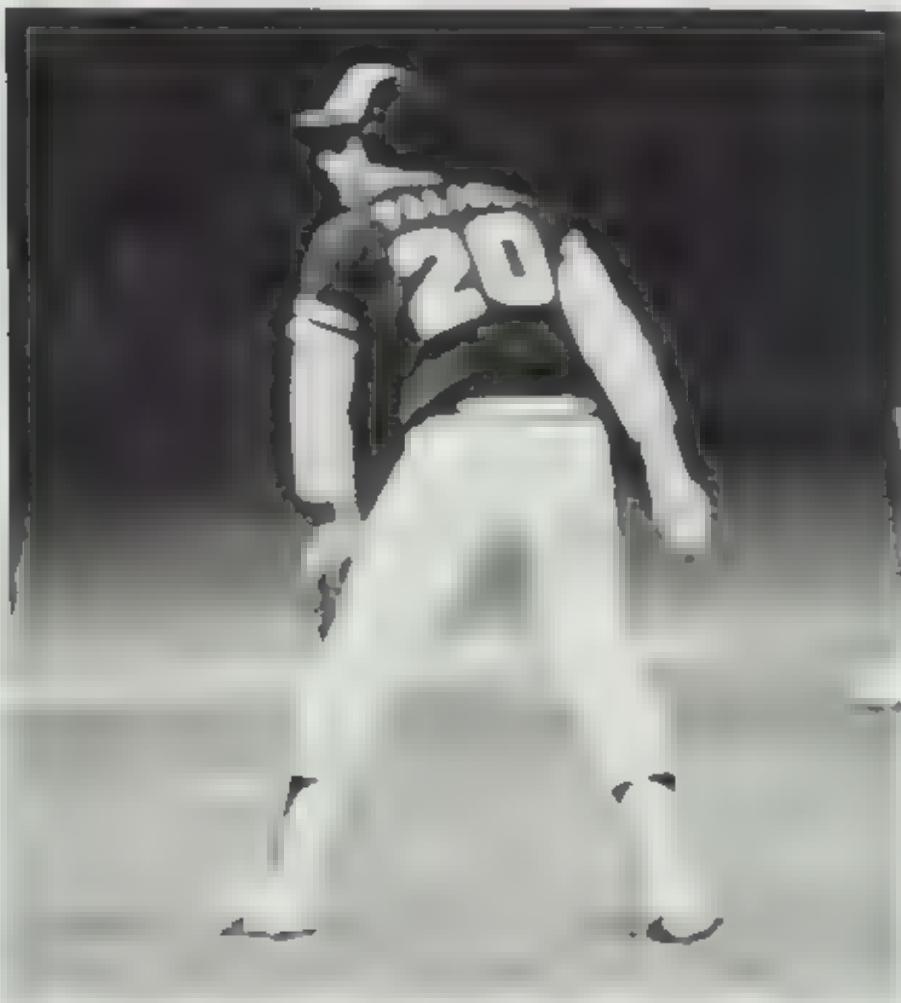

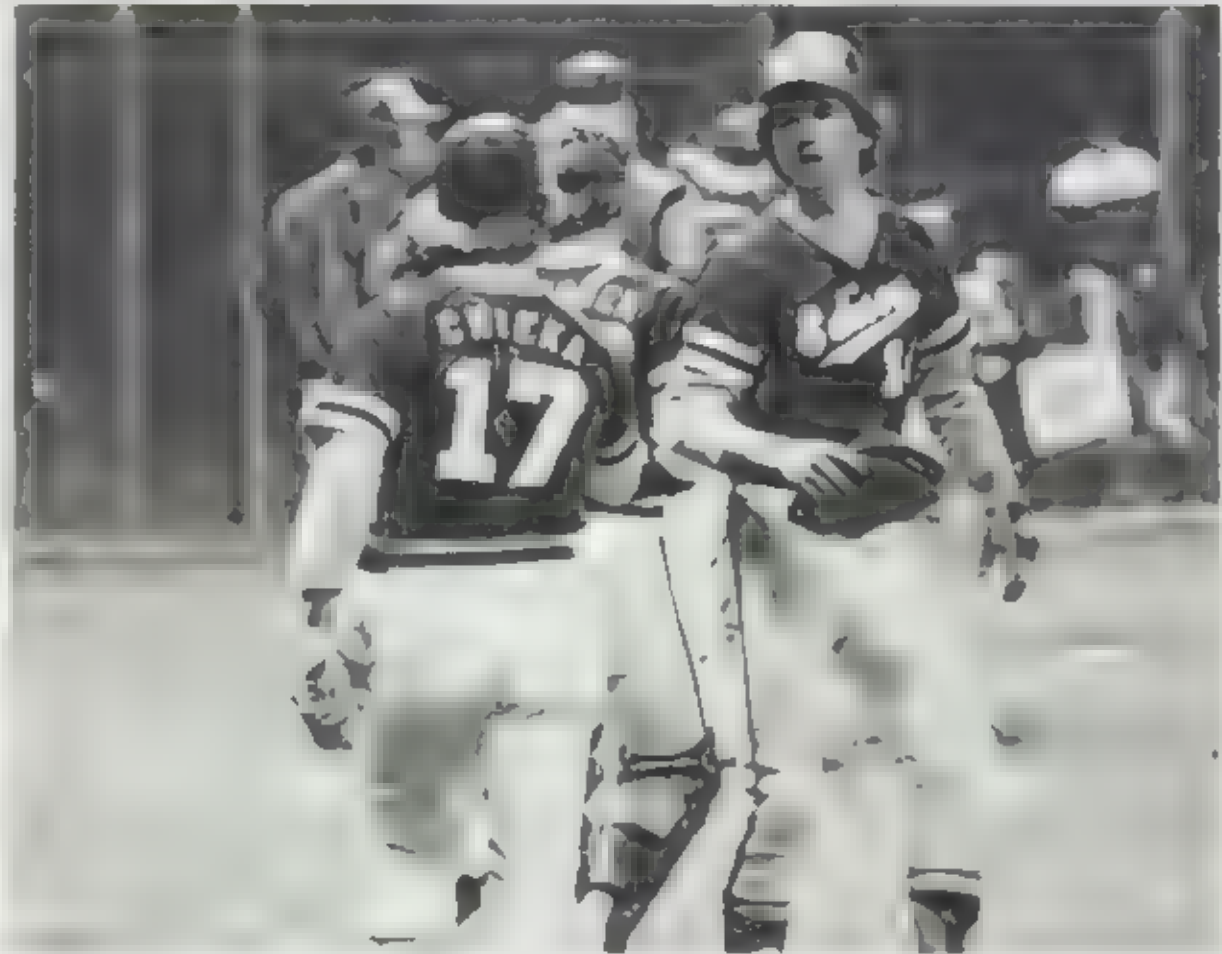

The Charger Varsity Baseball team was young with many juniors and sophomores. Starting seniors that returned from 1977 were Donny Hill, Brett Fauria, and Bob Smart. The Charger pitching staff that was coached by Dick Sorenson in his first year at Edison was very good. The "Aces of the Mound" were Wayne Justle, Wayne Palica and Thor Edgell and were all juniors.

The Chargers opened their season with a win over Costa Mesa 9-1. They followed it by beating Mater Dei 3-2 and Loara 7-6. Outstanding at the plate were Doug Mittendorf and Randy Ponder.

# JV Tough To Beat

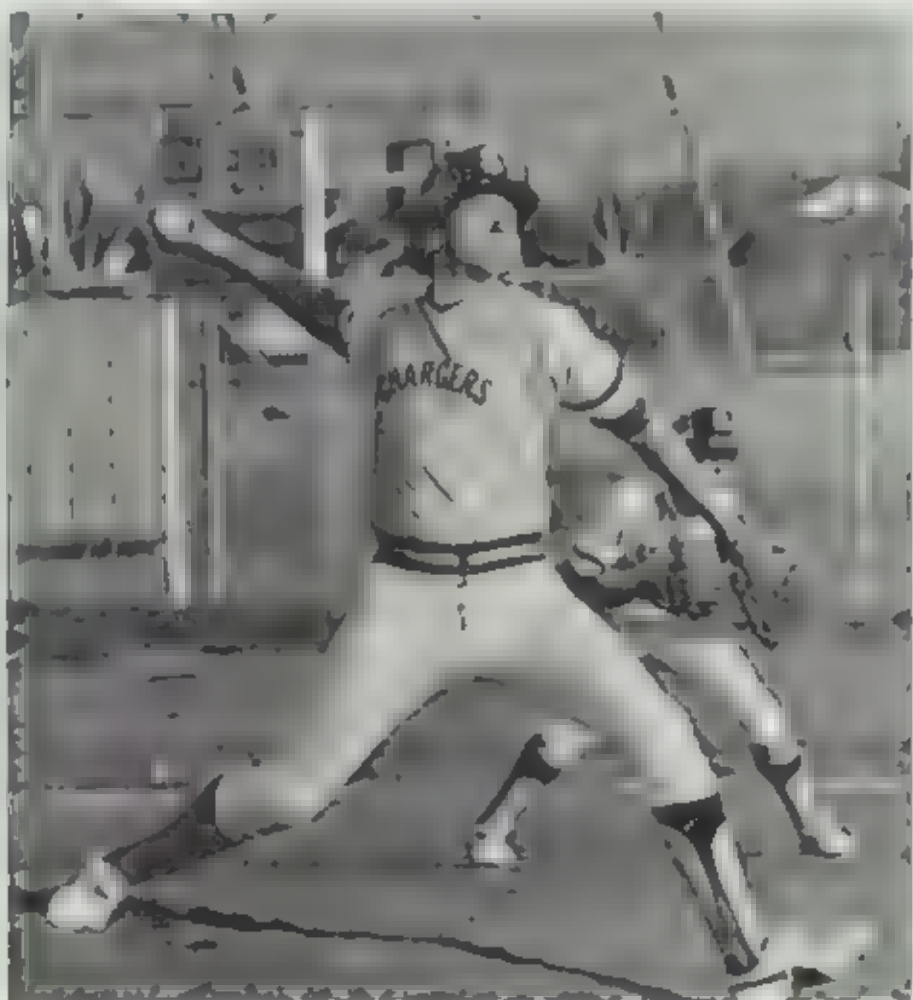

The Junior Varsity baseball team coached by Paul Harell had a good season in '78 but in '79 they'll make the Varsity tough to beat. Behind the pitching of Keith Banks and Dave Jarman the JV team never lost strength when one had to pitch. Behind the sure glove of Chuck Eusey the infield was good too. In their first game, the Chargers had a scare coming from behind to beat Costa Mesa.

Bottom row: Rohn Zellner, Rick Abbott, Chuck Eusey, Keith Banks, Troy Kinsey, Pete Walker, John Bradbury. (left) Catcher Greg Jones fires baseball to second base.

# Frosh Strong At Every Position

The freshman baseball team was strong at every position, and were coached by David Tallman. At the plate they were solid and played a defensive game as Tom Duggan, shortstop, and Ron Morello took charge. There was also strong pitching led by Rich Sorenson, Robb Munson and Kenny Cook. They had a very consistent catcher, Steve Morello.

The Chargers opened their season with a 8-0 win over Costa Mesa, a loss to Loara 7-6, a tie with Mater Dei 7-7, and beat Marina in the league opener 8-3.

# Volley Ball Gives Tough Competition

Through the years volleyball has been a small but thrilling sport. A rising interest has been making the sport more popular to people who did not understand it before. Chargers had tough competition with Huntington Beach and Fountain Valley in league play. Coaches Gene Melcher and Ken Waage had outstanding players like Wayne Peters, Paul Frendenberg, Kevin Kanda, and Kelley Yaniz and expected to place high in league standings. The J.V. team looked forward to an outstanding season with players like Mike Horzewski, Paul Kim, Mark Gibson, and Dave Hildebrant.

Coach MacGruder led the girls Varsity Volleyball team in another strong but disappointing season. Outstanding players like Teri Presley, Joanne Kalama, Julie Hamilton, Joanne Manfrey, and Jackie Hoff, among others, proved to be valuable players of Edison's fine team

The Junior Varsity team had an equally talented line-up, which included Mel Takeuchi, Marion Martens, and Cathi Malais. Coach Bua led her team to a third place victory in the Huntington Beach Volleyball Tournament, where over ten teams competed

With the valuable experience gained by this year's teams, and the knowledge added by the fine coaching staff, next year's teams should prove to be even better

# Young Golfers Start Off The Season Right

In spite of the fact that Edison had fairly young golf teams, they both had successful seasons. The golfers played against Los Amigos High and Los Alamitos High and beat them both for the pre-season in addition to playing against Huntington Beach, Marina and other Sunset League schools for the regular season. Some courses that the Varsity and Junior Varsity teams played on included Seacliff, Mesa Verde and Mile Square Park. According to Coach Larry Milne, "The players have grown from individuals into a team, just the opposite of last year." Mr. Milne also added that next year's teams will have experience and a team feeling, both of which are very important for winning.

## Surf Team Ties For First Place

The surf team tied for first place with a 4-1 league record. Tim Robinson was the most consistent competitor along with Steve Powers and Eddie Flores, the only freshman on the varsity team. The B team did very well, although they are not in league. The most consistent competitor was Ron Phillipy. Doug McKenzie, Tracy Powers, and Jean

Paul Allen were strong surfers on the team also. The girls team also earned high scores with Francine Hill leading in points. In formal meets, three competitors from each school are judged on a scale from 1-20 (4-6 points average) on the best of three waves. All surf team members have worked hard and add a great deal to the team.

## Practice Pays Off For Marching Band

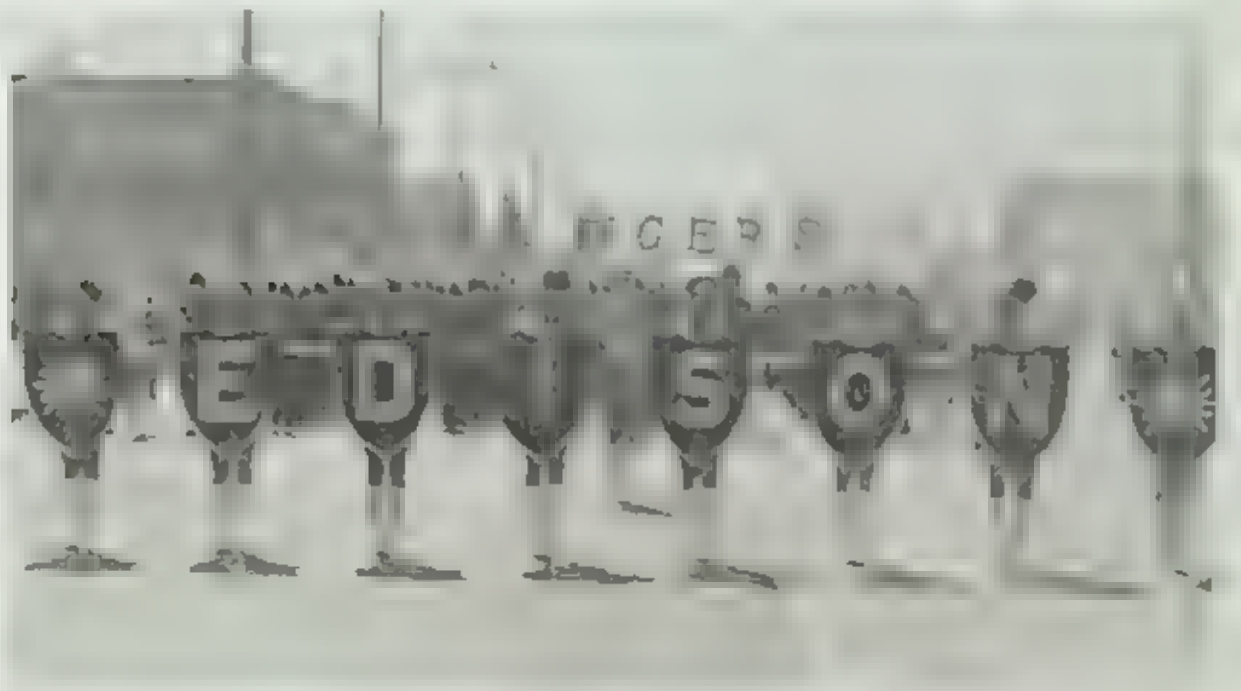

With lots of work and rehearsal, the Marching Band placed very high in their three parades. In Azusa, a 93.4 was earned for a first place. The band received a 93.0 in Glendale to get another first place trophy. And at the Lester Oaks Memorial Band Review, the Charger Band brought home a first place trophy for the second year in a row with a 94.25. The band also paraded down Main Street at Disneyland for a non-competition Christmas parade. All in all, it was a season full of exciting and proud moments for the Edison Charger Band.

## Banner Brigade Reaches New Heights

The Edison Banner Brigade, now in its second year, marched forward with astounding results at camp during the summer. With a superior trophy at Santa Barbara, and both a superior trophy and a spirit award at camp in Fullerton, the Banner Brigade once again proved the fine potential that they possess.

During the school year many fund raisers were held, including the annual Bike-a-thon to Featherly Park, and the third annual Wisconsin Cheddar Cheese sale. These both helped to pay for camp, and for new flags purchased earlier this year.

Second semester, after marching season, try-outs were held for a small precision flag team. Some of the more experienced banners were members of this group, and they competed well to finish off a fine overall season for the Edison Banner Brigade.

# Marching Band Dazzles Halftime Audiences

After the first-half gun goes off, the band would take the field to excite the many people who came to the football games. Some formations that were real audience pleasers were the "pinwheels" and "triple diamonds" in "March Grandioso." and the step-kick in "Russian Sailor's Dance." The band, with help from the Drill Team and Banners, received a superior rating at a halftime competition at Westminster High School

# Banner Carriers Add Sparkle To Performances

To the fans' delight, the banner carriers performed with excellence as usual at the many half-time shows during football season this year. Under the direction of Mr. Jim Keys, the banners practiced many long hours to perfect their complicated and varied routines.

This dedication paid off, though, as their fine reputation earned them an invitation to perform at a Rams vs. Vikings football game in October. They also

performed with the band and drill team at a district-wide half-time show early in November.

At both the Azusa and Glendale parades, the banners scored a 38 out of a possible 40 points, or the equivalence of two superior ratings, to assist the band in receiving two first places. And at Lester Oaks, the most important parade of the competition season, the banners received a score of 37, to polish off another successful parade season.

# Drill Team Continues Winning Ways

Under the direction of Mrs. Barbara Rollins, the Charger Drill Team competed in two parades and performed in the First Annual Field Show Tournament held in Westminster. The drill team was in the festival division and did not compete against schools from other areas. The Captains Cami Cameron and Susan Meyers and Guards Roxanne Gera and Susan Clarke went to

Hibbards Camp and took sweepstakes for the seventh year in a row. They also won first place in dance and combo routines. During the year, to raise money, the drill team sold rally tickets. First place was a one week vacation in Hawaii and second place was a side of beef. When marching season ended, some members tried out for small precision drill team

## New Instructor Guides Edison Drill Team

Even though this is Mrs. Rollins' first year at Edison, she has been a Drill Team instructor before. She began her career at La Quinta High School in Westminister. At Glendale, the first parade of the year, the Drill Team took first place; and then went on to win third place at the biggest parade of the year, Lester Oaks. The Drill Team had to work harder this year because over three quarters of the squad was new. When marching season ended, the Drill Team performed at many basketball, wrestling, and soccer games

## Preparing For An Upcoming Season

Eliminations began with over 100 girls trying out, but at the end only 22 were left. The eliminations started with clinics and ended with the voting for the final squad in late March.

Their preparation began in summer with their attendance at the CADA Spirit Camp. Over 100 schools attended this camp in Santa Barbara. With two successive performances, the Varsity Yell took a superior rating. The other two squads also placed high. At the camp they learned skits, pyramids, tumblers, and crowd control.

Creating their own clinic at the end of August, the pepsters taught routines to the Junior All Americans, a group of young pepsters between the ages of 4 and 11. The clinic was held in late August, and was an all-day affair.

## A Change In Routine

Besides leading the cheers at the football games, the pepsters appeared at a majority of all sporting events. During their regular school time the pepsters sold an average of 600 ribbons a week. The revenue went into paying for their banquet at the end of the year, and treats for the different

teams. Besides their usual duties, the pepsters, with the aid of the Drill Team, led cheers at the "Eight is Enough" Vs. "The Waltons" baseball game, and were also called upon to judge at different competitions held by the Junior All Americans.

Under the direction of Mr. Richard Otev, the three choirs, the Charger Choir, the A Capella Choir and the Madrigal Ensemble, performed in many places. The Charger Choir sang in the Winter Concert at SS Simon and Jude Church and also went to many other places. The A Capella Choir was invited to go Christmas caroling at both Knott's Berry Farm and South Coast Plaza, and also participated in the Winter Concert. The Madrigals, a group of twenty selected from the A Capella choir, performed around sixty concerts, which included festivals, elementary school shows and shows open to the public, including the Winter Concert accompanied by the full Edison orchestra.

## Choirs Raise Money For New Sound System

Fund raising played a very active role in the choirs. They sold Helen Grace Peanut Butter Bars during the month of October and candy easter eggs during the Easter Season. The choirs also sponsored the annual Donkey Basketball game which was a

big success as it has been in past years. There was also an art auction put on by the Sills Gallery. With all of the money, Mr. Otey hopes to buy an advanced sound system so the choirs can record, listen, and improve themselves.

# Students Take Active Part In Government

In the spring of last year the annual school convention was held. Elections in the bowl were run by seniors, who made up the delegation heads. Some of the officers elected at the convention were A.S.B. president, vice president, secretary, and treasurer, SAC rep, CASC rep, and president and vice president of each class. The various commissioners were appointed by the senate at the beginning of the year. The elected senate officers attended Leadership Camp held at U.C. Santa Barbara. They attended individual workshops to help them run a more efficient government. Some activities the senate sponsored included Pegasus, sock hops, Homecoming, the dating game, campus beautification, and Queen of Courts.

# House Of Reps Discuss New Marquee

Each semester every homeroom elected a House of Representatives member who met once a month with other representatives. This group, which contained more than 150 students, approved legislation passed down from the Senate and discussed school projects. One of the projects discussed this year was the marquee

The group also sold candy in January to make money for a House of Reps fund which was used for many projects.

## Oracle Staff Gets It All Together

To help the members of the Oracle staff obtain their main goal of producing the yearbook, some students attended a summer workshop held at the University of San Diego. The instruction helped them improve copy, captions, layout styles and photography. For the first year, the yearbook staff designed a slide show that was presented to the student body before pre-sale. The show was made to get students interested in buying a yearbook and had pictures of students and events of the year. The pace of the staff quickened as each deadline drew nearer, and with the help of editor-in-chief Ed Morris and advisor Jim Wheeler, the Oracle staff got it all together.

It was a very busy year for the Stage Band and Jazz Ensemble. The Stage Band, led by Mr. Jim Keys, learned basic jazz styles and prepared students for entrance into the Jazz Ensemble. Some of their performances included a festival at Huntington Beach High School and concerts at Gisler, Sowers, and other schools feeding into Edison.

The Jazz Ensemble, led by Mr. Gary McJilton, involved advanced musical technique and more difficult jazz pieces. Many graduates of this band go on to become musicians for professional jazz groups. The Jazz Ensemble also performed at Huntington Beach High and various middle schools. In addition, they and the Stage Band performed a selection of '40's and '50's music at the annual Happy Day's Dinner Dance for parents of band members on April 8.

## Displaying Memories Of Different Types

Pegasus, Edison's creative writing magazine, started its second year of production. The ten member staff was broken down into three different areas. Editor, Pam Lindsey; editorial staff, Joanne Baum and Mary Carranza; and readers made up the rest of the staff. Submission deadline was the second week in February to give time to select and edit articles. Faculty and student works were displayed in areas of poetry and fiction. Art work was also displayed this year. The magazine, came out in May and was under the leadership of Mrs. Sue Chamberlain

Academic competition created the Kiwanis Bowl. The competition, questions on trivia, led into such fields as history, English, science, and sports. Each member had to be specialized in three of the above fields. The Kiwanis Bowl was sponsored by the international Kiwanis Club. Besides the usual victory parties, the team also held pre-victory banquets to create enthusiasm before an upcoming game. The competitions were elimination rounds, beginning in February. Members of the team were coached by Ms. Linda Carpenter and led by team captain Larry Israelson and co-captain Robert Januska

## Live Wire Keeps News Circulating

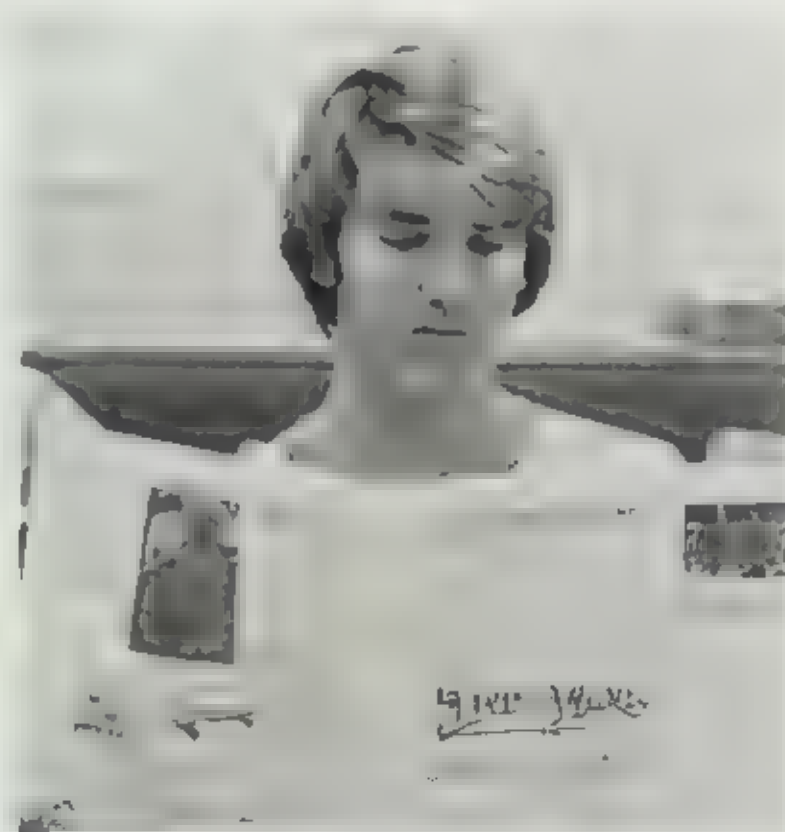

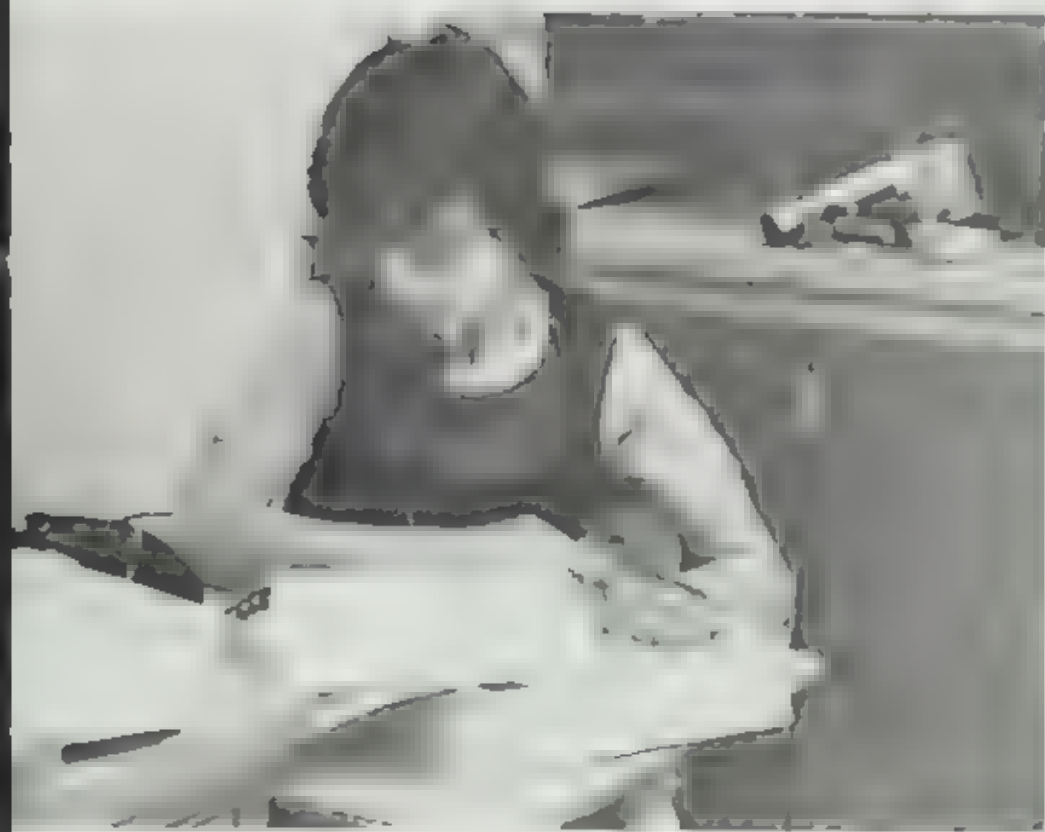

The Live Wire staff not only produced a paper every three weeks, but they attended journalism meetings at local colleges. These workshops, sponsored by the California Scholastic Press Assoc., were designed to improve their writing style and grammar. The staff also competed with Marina, Huntington Beach, and Fountain Valley for the best newspaper of the year. The twenty member class had only one requirement which was to take a semester of Journalism I. The newspaper staff had a new editor-in-chief at the start of each semester. Larry Israelson was the first semester editor-in-chief and Bob Hartman was the second semester editor.

## Music Department Continues Growing

The basic idea behind the Orchestra was to give students a wider variety of music than what they are used to listening to. The group consisted of forty-five members, and Mr. Gary McJilton conducted them through many performances. Some of these included a district festival at Huntington Beach High School and a winter and spring concert. Some members participated in a solo and ensemble festival held on April 1 sponsored by Edison. Many other students from different schools also participated in this once a year event. People who got superior ratings went to UCLA for final judging. Their concert dress consisted of girls in long, black for-

mal dresses and boys in a uniform with bow tie.

This was the first year for the Wind Ensemble. Edison has previously had only two concert bands, but now with the fine quality of musicians, the music department has expanded to three. This band, conducted by Mr. McJilton, is composed of the top music students. With about fifty-five members, the band played college level music in a superior fashion. They performed at a festival in Anaheim and a concert at the end of the year. The Wind Ensemble is composed of Marching Band members from first semester's marching season.

Bottom row: Brenda Johnson, Sue Nickerson, Nancy Lindsay, Norma Boisjoly, Debbie Caceres, Michelle Long, Cindy Goodin, Amy Litzel.

The main goal of the Symphonic Band was to play high school music at a superior level. Conducted by Mr. Jim Keys, the sixty member band performed at the Anaheim festival and the Spring Concert. The festival included a judge who would give criticism and tell them their good points; therefore, they could improve and know what they were doing well. At the end of the year, the Wind Ensemble and some of the members of the Concert Band got together for a picnic to announce the next year's drum majors and give away awards — such as the Outstanding Musician Award and the John Philip Sousa Award.

To teach intermediate skills and prepare students for entrance into the higher bands was the purpose for the Concert Band. Led by Mr. Gary McJilton, the band of about seventy members performed at the Anaheim festival. Their dress, as was the Wind Ensemble's and Symphonic Band's, had boys wearing a uniform with blazer and tie and girls wearing long concert style dresses for performances.

To promote "responsibility and dedication to Edison" is the purpose of the Pride club. With the help of advisor Mr. Jerry Arriola this club has been in operation for two years and has approximately thirty active members. The Pride club sold T-shirt transfers and spirit derbies after Christmas, and sponsored the "Booth One Ball" at the carnival. The members of this club were recognized as students who were interested in the activities at Edison. To gain membership, a student had to be chosen by members of the club for his or her involvement and service.

With advisors Lois Tolles and Gail Lipani, the S-Club has had five years of community service and school projects. During Thanksgiving they made food baskets for the needy, and at Christmas they caroled through convalescent hospitals. The thirty

five active members were required to attend meetings regularly. After fifteen hours of service they earned a pin.

In the three years that the Keywanettes have been in operation they have been involved in many activities concerning the school and the community. At school the Keywanettes, along with the S-Club, sponsored the Valentine's Dance, and sold Val-a-Grams.

Service to the community started with "Project Cherish", designed to help senior citizens in the community by helping them around the house and doing errands. This took place the first Saturday of every month. There were approximately twenty active members with president Marci Kuperberg and vice president Laura Gallear. Bill Ridenour, Cathy Walts, and Claudia Rosquemore helped as advisors.

# Working On Programs

## Create Interesting Clubs

With twenty active members, the Key Club performed many community and school services. During the month of October, the members participated in the March of Dimes "Haunted House." Also during October they worked with the American Cancer Society in a bike-a-thon. Every month the club, along with the Keywanettes, would participate in Operation Cherish a program designed to help the elderly.

They also sponsored a blood bank on campus. The event, which was held in late February, was run by the Red Cross. The members also skated in a skate-a-thon held at the Philco-Ford Warehouse in Newport Beach. In February, the members worked in a Radiothon held in a suite at

the Anaheim Hyatt House. Both events were in support of the Leukemia Society of Orange County. With the help of advisor Nick Boden the Key club performed much service to both school and community.

In its first year the Computer Club organized students interested in the computer field. Members learned and worked with computers here at Edison. They also took trips to the district office and to the Jet Propulsion Laboratory in Pasadena. The club also set up a fund for the purpose of purchasing more computer equipment. The twenty five member club was led by president Mark Siegmann and vice president Sheryl Sauers.

# Change Of Culture Inspires Foreign Language Clubs

One of the objectives of the French Club was to get the parents of the members involved. So, in April, members had a dinner consisting of French food for their parents. A variety of food was prepared by the members. Led by Mrs. Riddell, the club held a candy sale from February 21 through March 14 and had their own booth at the school carnival. In operation since the school opened, the club was open to any Francophiles (translation: people with an interest in French culture).

Having about fifty active members, the Spanish Honor Society completed its seventh successful year at Edison. They sponsored candy sales to raise money for a \$100 scholarship that would go to a graduate who had completed

three years of Spanish. To gain entrance into the Honor Society, a student needed to have completed three semesters of Spanish with not less than two A's and one B. Led by advisor Mrs. Wilson, the Society had a field trip to Olvera Street and held a special initiation for new members.

Fund raising played a very important role in the German Club. Money that came from candy sales of both American and imported candy went for a \$100 scholarship to a deserving senior. Having about twelve active members, the German Club has been in operation since Edison's first year. Advisors Mrs. Johnson, Mrs. Looney and Mrs. Schinko led interested students to many activities throughout a very busy school year.

Service to the school in printing was what the Graphic Arts club was all about. The club's main projects consisted of the programs for basketball, Golden Key, and graduation, plus tickets and the Student Handbook. The club did the printing at a low cost and the money was used to buy equipment that the school couldn't afford. The students met mainly first and second period in the vocational graphic arts class and also after school. The club was open to any student interested in graphic arts.

To enhance and give further development to students in woodworking was the theme for the Woodworking club. It was open to any student that had one year or was currently enrolled in a woodworking class. The club also was involved with student and community service. They participated in "Operation Santa Claus," which was the donation of hand crafted wooden toys to unfortunate children. The club also sponsored a rally in which they gave a service block constructed entirely by the students. With advisor Mr. Gary Monj

and president Jim Hadley, the twenty member club lived up to its motto, "Quality students, not quantity."

Besides being a club for students interested in electronics, for its third year the Electronics club sponsored a canned food drive. The drive was affiliated with the Christian Pilots Association of Orange County. The pilots donated their time and planes to send the food, clothing, and toys to the Navaho Indians in Arizona. The school and many organizations in Orange County sent an estimated twenty five plane loads of food and clothing to the reservation located near the Mexican border. The club, with the aid of social studies teacher Ms. Sharon Wronka, raised an estimated twelve to fifteen plane loads within the two weeks before Christmas vacation. The canned soups and other items which the Indians could not use were sent to the Huntington Beach Woman's League. The thirty member club spent the rest of the year working on televisions, digital games, and even synthesizers.

# Recreation Creates Far-Traveled Clubs

Providing a good opportunity to ski was the purpose of the Ski Club. Members prepared early for their annual skiing trip. Fund raising began in November with the selling of coupon books. Money for the trip was raised individually. They also showed movies to give the skiers more knowledge of the sport. The trip was taken the last week of December. Sights which they visited included Salt Lake City, Alta, Snow Bird, and Park City, Utah. The fifty member club was under the direction of president Derek Roysdon, vice-president Larry Pabst, and advisors Mike Allen and Mike Wilson.

A trip to Catalina was the big event of the year for the Sailing Club. The trip was taken aboard a nineteenth century ship owned by the Newport Sea Scout Base. The club itself is affiliated with the Sea Scouts and the members are all in the Sea Scout program. Expenses for the trip came to

only seventeen dollars, and the trip was taken during Easter Vacation. The club is open to all interested students. Advisor of the fifteen member club was Mr. Jim Hoyland; President was Robin Bolstad.

Riding as a group was the purpose for the Bike Club. The only requirement was that you have a ten speed bike. One of the longest trips taken by the whole group was to San Diego in one day. A smaller group, made up mainly of officers, prepared for a ride to Alaska for the upcoming summer. Besides riding for fun, the club also rode in the Orange Coast College Bike-a-thon Scholarship Drive. The twenty member club was led by advisor Ken Waage, president Tod Berlinger, and vice-president Mark Gibson.

In order to inform students about proper bicycle maintenance, the club sponsored a maintenance workshop.

# Studying Nature Keeps Clubs Busy

Working with plants was the purpose of the Horticulture Club. Members grew plants like coleus and spider plants for money. This money went for a barbecue held every month on their farm, located adjacent to the 100's building. The thirty members comprised the top students in the horticulture class, even though that was not a requirement. Club advisor was Mr. Jim Hoyland.

The Yosemite Institute Club was offered to organize members attending the Yosemite Institute. The Institute is a learning center in Yosemite where students spent a week learning about such areas as geology, anthropology, and fire

ecology. Learning began with two days at Crane Flats, then moved into the valley. The students were set up in a ratio of one instructor per ten students. They took walks and studied the different aspects of Yosemite. The \$126 tuition was paid by each attending student. Fundraisers such as candy sales and sock hops helped to raise over \$500 for these students. Only fifty out of the seventy member club attended, due to limited registration. Follow ups in learning were done here at Edison by the club advisors, Mr. Bob Allen and Mr. Mike Allen. Also, the club held picnics at Mile Square Park and a pizza night at the Pizza Hut.

Being located only half a mile away from the beach was the reason for clubs like the Surf Club. The eighty member club organized interested students in surfing. Twenty-four of the members comprised an A,B, and Girls team. From September through December these club members competed with other teams from the National Scholastic Surfing Federation. The "A" team ended up in a three way tie with Huntington Beach and Fountain Valley high schools. Other members competed against each other for a spot on the team. Members met in a surfing class offered first period. The advisor was Mr. John Rothrock and assistant was Steve Lowe, a graduate from Edison.

Beginning their first year, the Skate Club was formed by students interested in skating. Both roller and ice were investigated. The members paid for their insurance and also a \$2.50 dues. Skate outings were to the Ice

Capades Chalet in Costa Mesa and the Holiday Roller Rink in Fountain Valley. The club also went to the Holiday on Ice Performance held in late April. Advisors Ms. Patsy Looney and Mr. Gary Rhoades led this years club.

Another club also started this year was the Raquetball Club. Created to interest students in the growing sport, members competed against each other in elimination rounds. The members were grouped into A, B, C, and D players. "A" players were experts; "B" were above average, "C" average; and "D" beginners. Competitions were also held with other clubs in the area. Members received reduced rates at the "Raquetfun" club, located at Brookhurst and Hamilton. Students also used facilities located across the street in the community center. The fifty members were under the leadership of Mr. Lee Saviers, and president Devin LaBollita.

## Performing Arts Promote Novel Clubs

(bottom) Tuba club at Disneyland. Ron Gann, Kelly Seibel, Bill Bradbury, Dan Corn, Tim Lott, Charles Kokat (Co President), Dave Hafen (Co President), Tony Bolstad.

Featured with the band for the second year in a row was Edison's own Tuba club. The club, with presidents Charles Kokat and Dave Hafen, was featured with their dance-step to "Russian Sailor's Dance." The club also helped the band with their annual paper drives. To create a stronger tuba section was reason enough to start their ten member club. Not only was the club performing here, but it was also invited by the Huntington Beach High School Tuba club to Christmas carol through the streets of Huntington Beach. The members also sponsored the second annual Gong Show. The event, held in the gym, brought in an estimated two hundred dollars.

Working on two productions in a row is one of the requirements for the International Thespian Society. The year began with initiations and ended with an awards banquet. The Honor Society consisted of seventeen

members under the advisorship of Mr. Larry Brennan. Members of the society attended the state conference held in San Francisco. The conference, which was held in late February, consisted mainly of workshops. They also participated with the A Capella choir at the Renaissance fair in Agora. The club, in its sixth year, was led by president Phil Upton, vice president Jennifer Webb, and treasurer Darlene Balke.

There was also another club for students interested in drama. This club, the Drama club, was open to all interested students. The forty member club sponsored plays, the concession stand at all home football games, and a trip open to all students to see A Chorus Line. The club also aided at the Huntington Beach Jaycees' haunted house. It was held at the Newland House and brought the club one hundred and fifty dollars.

Beginning their first year as a club, the Vididiots started with service to the school. The club organized students interested in the video technician field. They met two to three times a week and incorporated eleven members. The requirements for the club were tests. One was given by the F.C.C., while the other was a general knowledge and camera test. Soccer, football, and basketball games were just a few events video taped by the club. They also ran sound equipment at pep assemblies and the band's concert.

During single lunch, students were entertained by Edison's own radio station. KEHS, as it is formally known, was started four years ago. Broadcasts were heard through loud speakers which surrounded the bowl. With disc jockies Mark Oster and Barry Hovis the staff broadcasted twice a week, Wednesday and Friday. The staff also sponsored dances and Edison's second annual dance-a-thon, held in March

Staff advisor was Mr. Ben Garrett, assistant advisor was Lisa Thomas; engineer, Jim Lloyd, and editor, Tim Spaeth. The crew was made up of Cindy Hovis, Kyle Sprothery, David Hafen, and Cathy Porter.

One of the oldest clubs on campus is N.F.L. The initials stand for the National Forensic League and this chapter has been in operation since the opening of Edison. The club competed against other leagues in speech and debate. Some of this year's major tournaments included UCLA, USC, US Berkley, CSUF, and Redlands. The club raised money to go to these tournaments by selling candy. Edison was in the Orange County Speech League, which was one of the toughest in the state. The fifteen members all had to have a 3.0 grade point average. This year's advisor was Mr. George Roswell; president was Bob Hartmann; vice president, Chris Johnson; and treasurer, Linas Palubinskas.

## New Point System Adopted For CSF Eligibility

One of the largest clubs on campus, the California Scholarship Federation, began its ninth year last fall. The members were eligible to apply for scholarships, graduate with honors, and become CSF seal bearers in their senior year. Membership requirements were based entirely on grades and citizenship. This year a change was made in sign ups. Instead of the usual signing up every quarter, registration was changed to every semester. A new point system was also developed for the number of points

needed for eligibility. Every A counted as three points, every B counted as one point, and C's were not counted. Students needed ten C.S.F. points to enter. With the change in registration procedure came a change in the requirements for achieving seal bearer status.

The club held a candy sale and attended the annual CSF nights at Disneyland. This club had the help of advisor Andrea Goesch and Berticca Pearlman.

## New Second Semester Registration Procedures Prove Successful

A major change took place in the registration procedures for the second semester this year. Instead of the traditional computer registration through Socrates, a new system entitled "run for classes" was introduced. This system is similar to college registration and has been proven successful in other schools of our district.

During the first ten minutes of each period, class was held as normal. After these ten minutes, a bell would ring signifying the start. If the student had any changes to make, he simply proceeded to the new class of his choice. Upon arrival, the student would then give a period card to the teacher. If no changes were necessary, the student would just remain in his original class, and automatically be enrolled for the following semester.

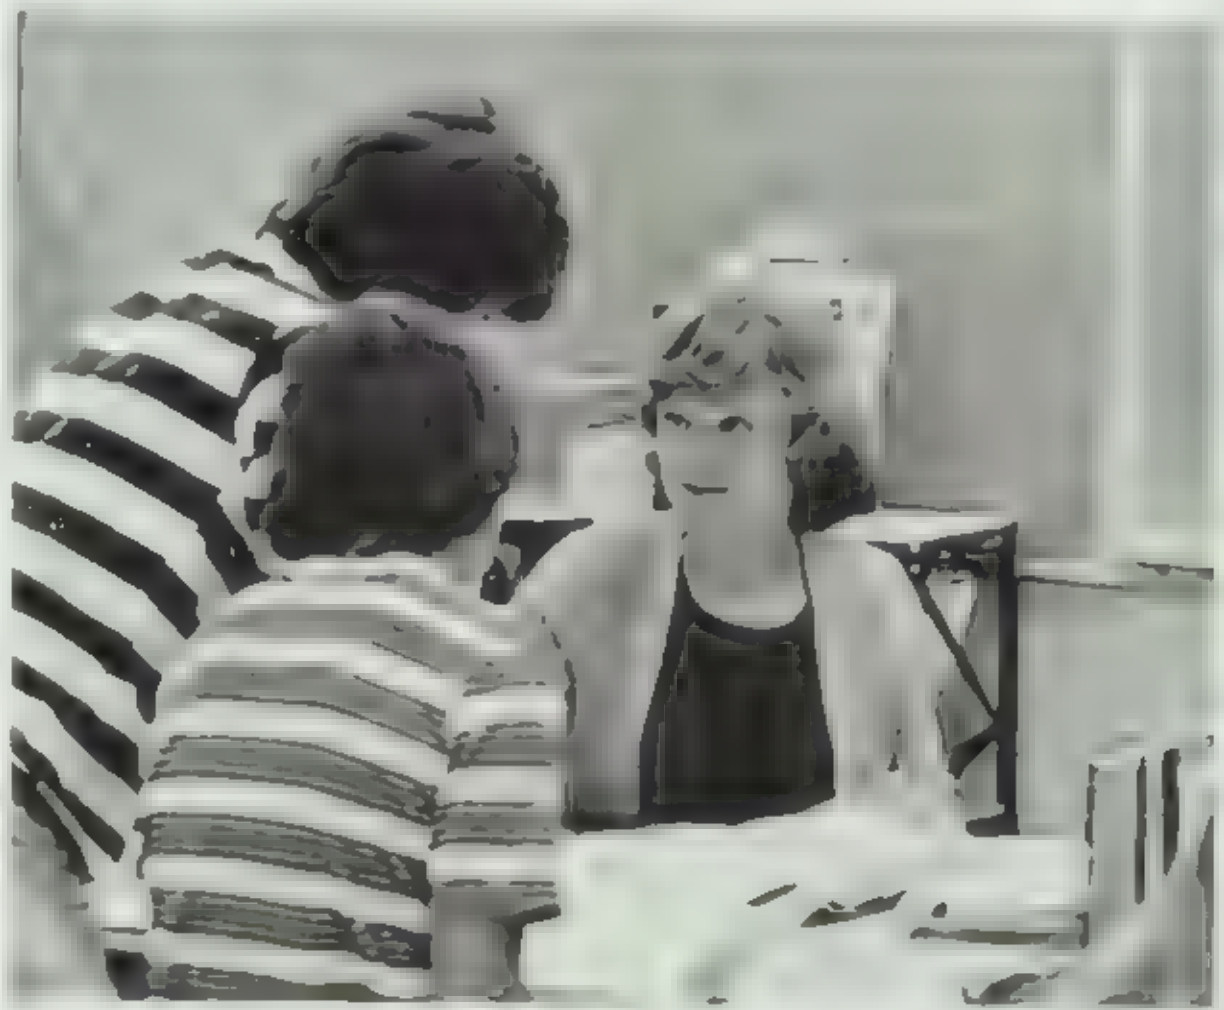

All in all, the new system proceeded fairly smooth and will most likely be used next year also.

(left) Despite the light showers earlier in the day, students still completed the registration procedures with a smile

# Freshmen Mandatory Classes Are Generally Basic

The freshman requirement load of classes is fairly basic. For social studies the required class is Man and Environment. Students studied atlases and did a lot of map work. The basic learning plan for freshman in Communication Skills 9 is writing. This prepares them for the up-coming years. Most freshman take some math class. This is usually either algebra, basic algebra, or general math. P.E. is required for freshmen as well as for sophomores and juniors. Science classes include Life Science, Modern Health, and Pre-Chemistry.

# Freshmen Choose Electives From A Large List Of Classes

Freshmen have a large variety of electives from which to choose. These range from typing to woodworking and cover a large area in between. The main reason for this is many freshmen take electives. Electives are a good way to take classes which grab one's interests. In addition, elective classes can be taken with a group of friends and be quite enjoyable. By taking electives during the freshman year, many pre-requisites for more advanced courses are often times met.

(lower right) Mr. Williams confers with Debbie Bravatz on a paragraph she wrote for American Lit

# Sophomores Take Requirements

Mandatory classes for the sophomore year are designed to give a basic understanding of important subjects. The sophomore require-

ment for social studies is one semester of Man and Civilization. Sophomores spend a lot of time watching films, video tapes, film strips, and working out of the book. The English requirement for sophomores is one year of American Literature. In this they work on grammar, compositions, and spelling. Sophomores are not required to take math or science, but if they do decide to take these classes, Geometry and Cellular Biology are the most popular. Physical Education is also a requirement for each sophomore, and girls can substitute Team Sports for P.E. if they like

(left) Mr. Anderson explains how to work a problem to students in his Geometry class

(below) Eric Specht examines a specimen while his lab partner records data in Biology

## Sophomores Have Fun

Sophomore electives cover a large area similar to those offered for freshmen. Most of these classes are taken by both grades and are fun to take.

A few classes are labeled as electives but are in essence required. One such class which can be transferred into required credits is MGM social studies. In this class Mr. Boehlert's students work on individualized programs at their own pace.

Traffic and safety is also an elective, yet almost all sophomores take this class. Learning to drive is an important part of the high school years, and traffic and safety makes this learning fun through interesting programs.

## Juniors Meet Requirements

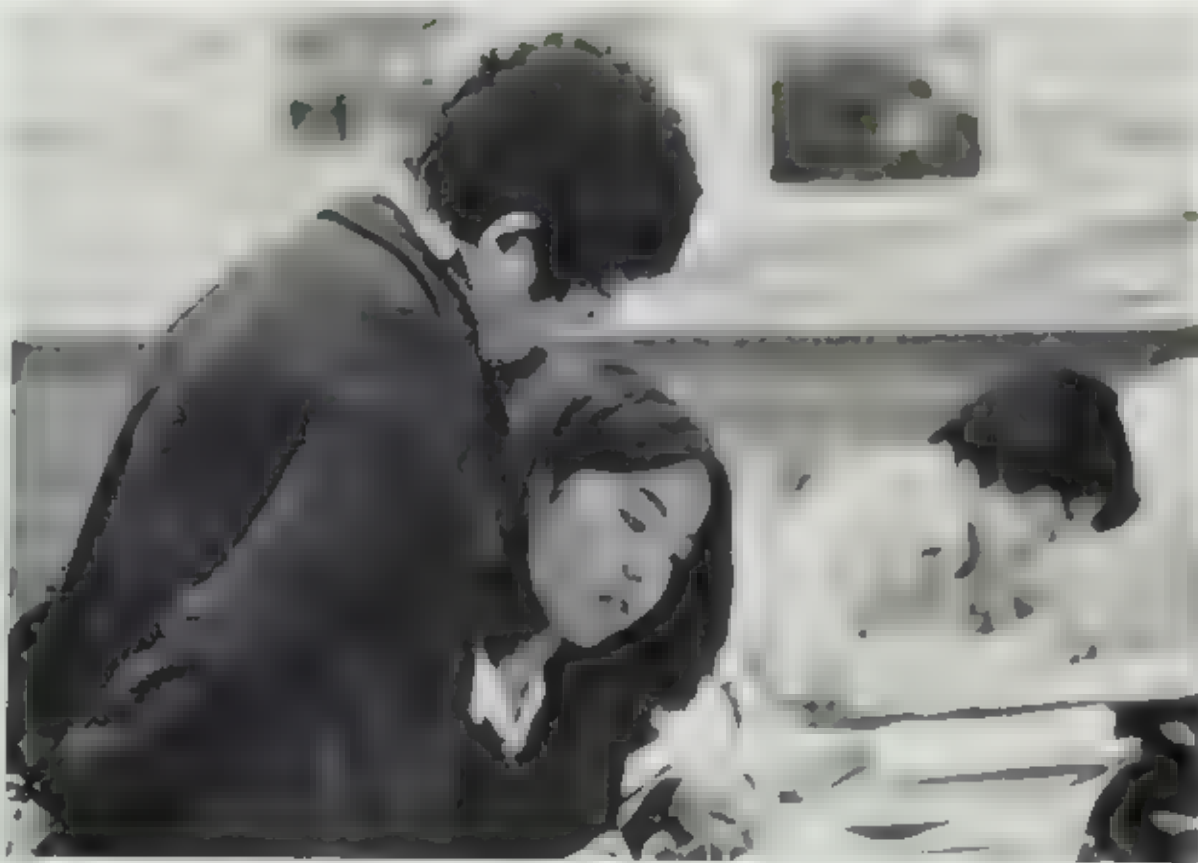

Juniors have a fairly light load in the way of mandatory classes. A year of English, (which includes a semester of English elective and a semester of Comm/Sk. 11), a year of American studies, and a year of physical education make up this list of required classes. These classes give the student a general background in English and history, and are required to graduate from Edison.

Some juniors also choose to take

an additional year of an advanced class in either foreign language, math, or science. These additional classes help juniors prepare for and meet college and University of California entrance requirements.

## Electives Provide Juniors With Valuable Skills

Elective courses allow the student to take classes which are of real interest to him, help him prepare for a career goal, or are just plain fun to take. Some electives require a prerequisite, but the majority of them are intended to help the student learn and develop skills he may not already have. Graphic arts, singles living, horticulture, and auto shop are just a few examples of elective classes which teach juniors many valuable skills.

(left) Scott Saunders checks the growth of his plants in his horticulture class  
(below) Phil Rojas and Phil Maez discuss the drive shaft with Mr. Bell in their auto shop class

## Electives Are Geared To Students' Interests

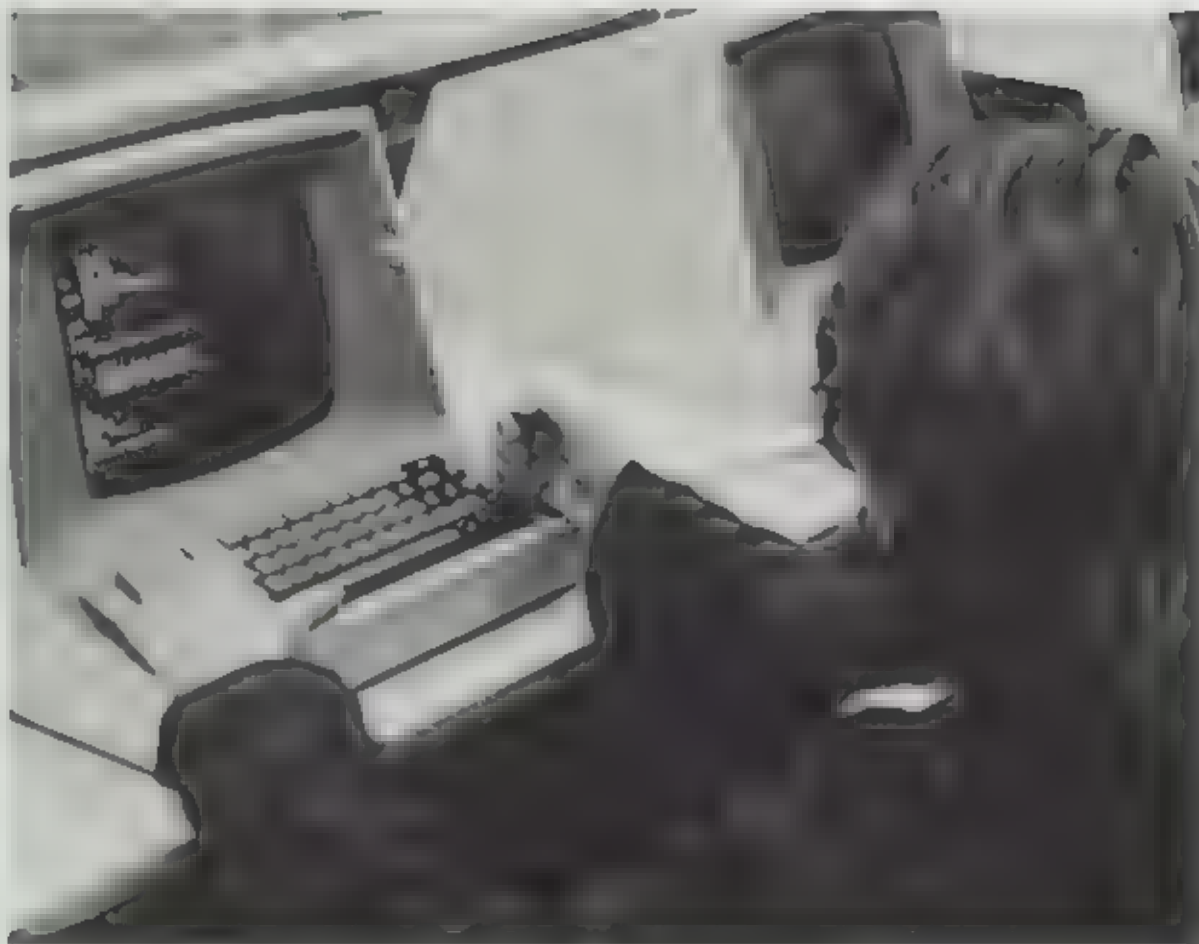

Electives are a good way for students to take classes which they are interested in. The list of electives a junior can take is abounding. They range over a wide variety of topics, to cover a majority of the average student's interests.

Electives also bring out talents that a student might not otherwise be aware of. Classes such as Madrigal Ensemble, art, and hot metals all allow the student to develop these talents and to show them through various forms of self-expression.

# Senior Class Load Is Light

The senior year is the most relaxed in the way of mandatory classes. Students are only required to take a semester of U.S. government, plus required classes not already taken. This along with the now optional P.E., leaves much more free time for enjoyable elective classes.

Many seniors also take college preparatory classes in addition to the required load. These classes range from science and math to English and business and help prepare the student for courses he or she will be taking in college.

# Seniors Relax With Electives

Many students in their last year of school take enjoyable and relaxing classes to fill up their schedules, such as foods, theatre, or they might even become a nursery school aide in the nursery school aide class.

Students who take these classes have the opportunity of learning everything from how to bake a cake to the importance of good

stage control.

Other classes seniors might take are Bible Lit. where students go through the Bible word by word; or History of the Cinema, where students review films and also make films of their own. They might also take industrial arts classes, business classes, and many others.

## Seniors Take Electives

The final year of high school is one of taking it easy with a light load of classes. Many times a senior's schedule will be one required class and the rest enjoyable electives. Classes such as enameling, hot metals, and yearbook are all classes a student can enjoy and not worry about a lot of homework. Another class that many seniors are taking is physical education, despite the fact that it is optional. There are many exciting P.E. elective classes to choose, from racquetball to weightlifting

# Special Education Helps Students Meet Goals

The Special Education Program consists of three areas: Vocational Training, Learning Skills and Opportunity. All are designed to build an individual program for each student.

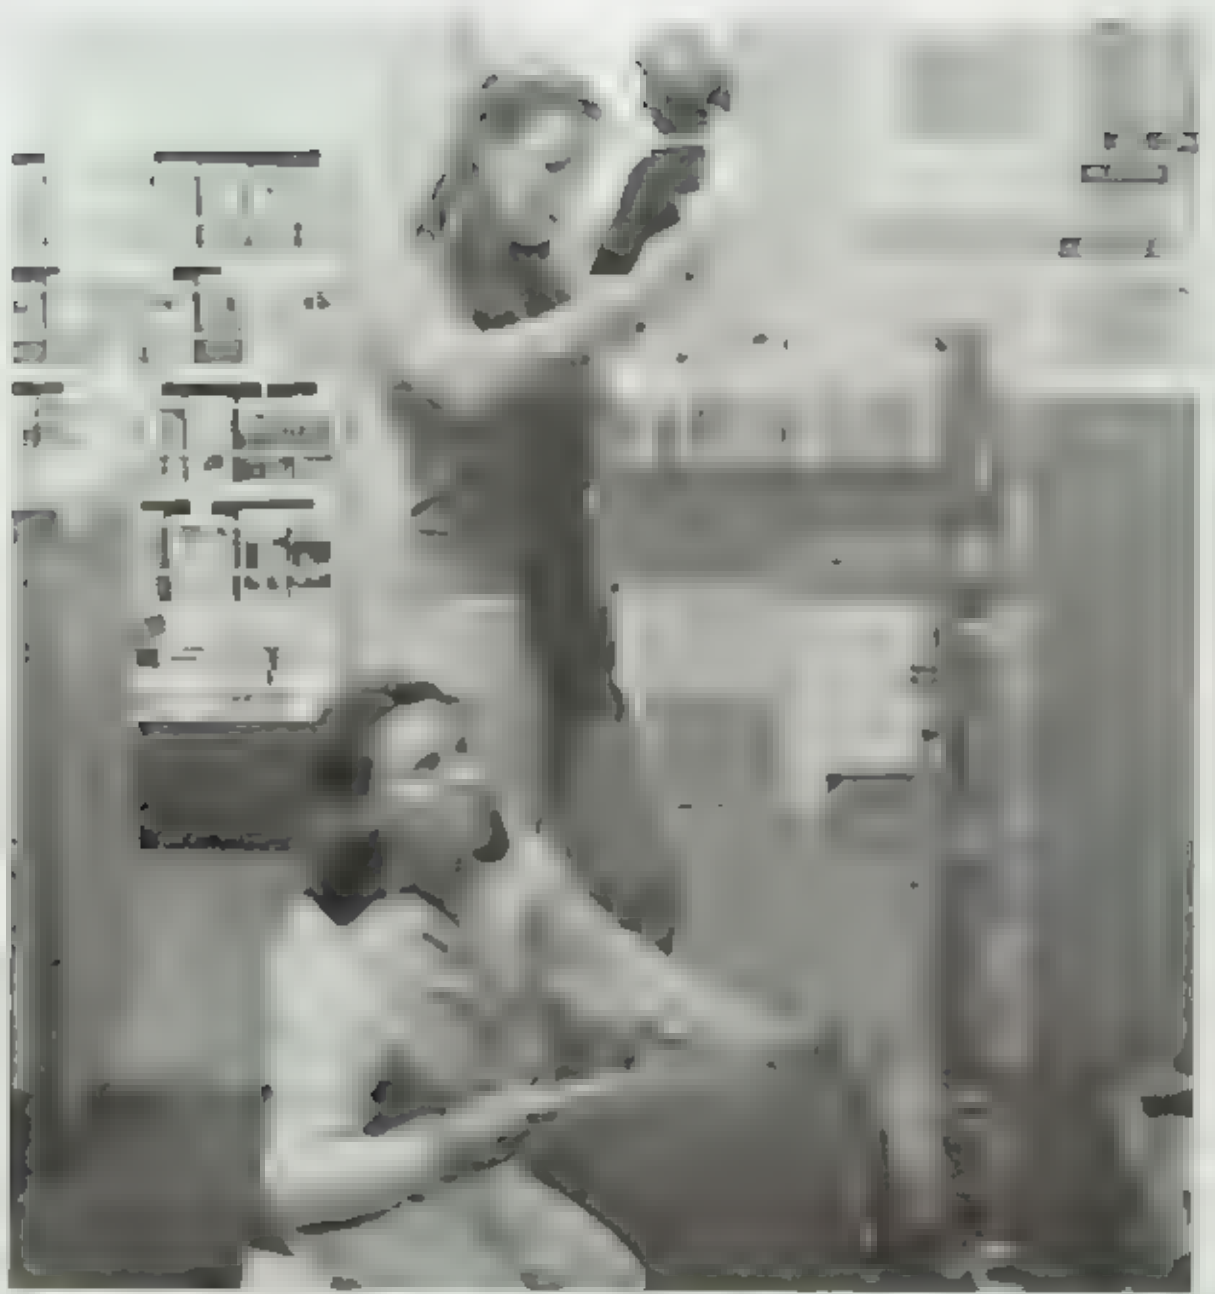

The classes are small and offer basic skills, vocational awareness, job experience, help with regular classes, counseling and planning of four-year educational plans, and step-by-step completion of graduation requirements.

Their teachers are proud of the students in these classes for their determination in improving their skills and earning a high school diploma.

# Library, Career Center Aides

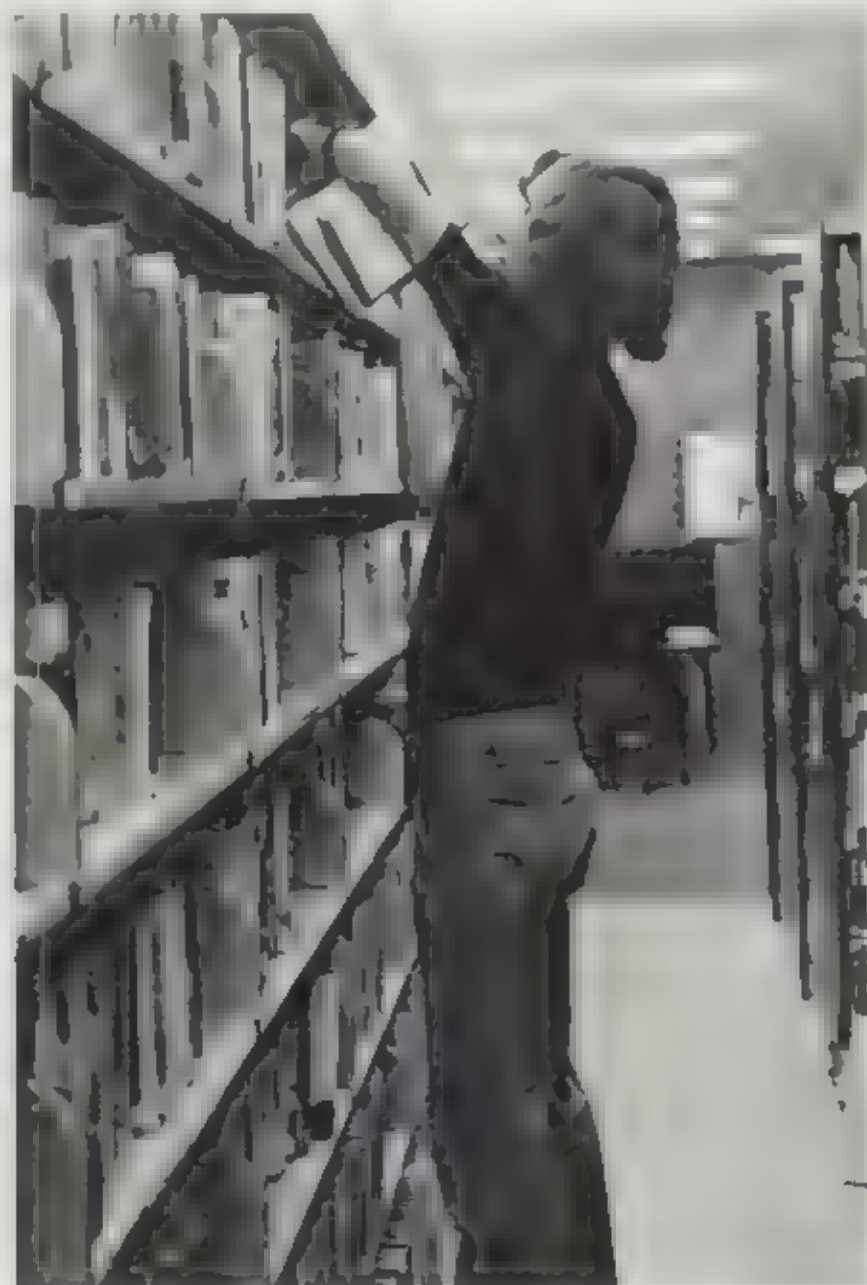

## Learn Valuable Office Skills

The Media Center provides students with more than just a place from which to borrow books. The Media Center is a place to relax, listen to music, and chat with friends, as well as study before and between classes. Some students choose to work as a library aide as an elective class. Their duties include reshelving books, checking books out, and giving users of the library any assistance that they need.

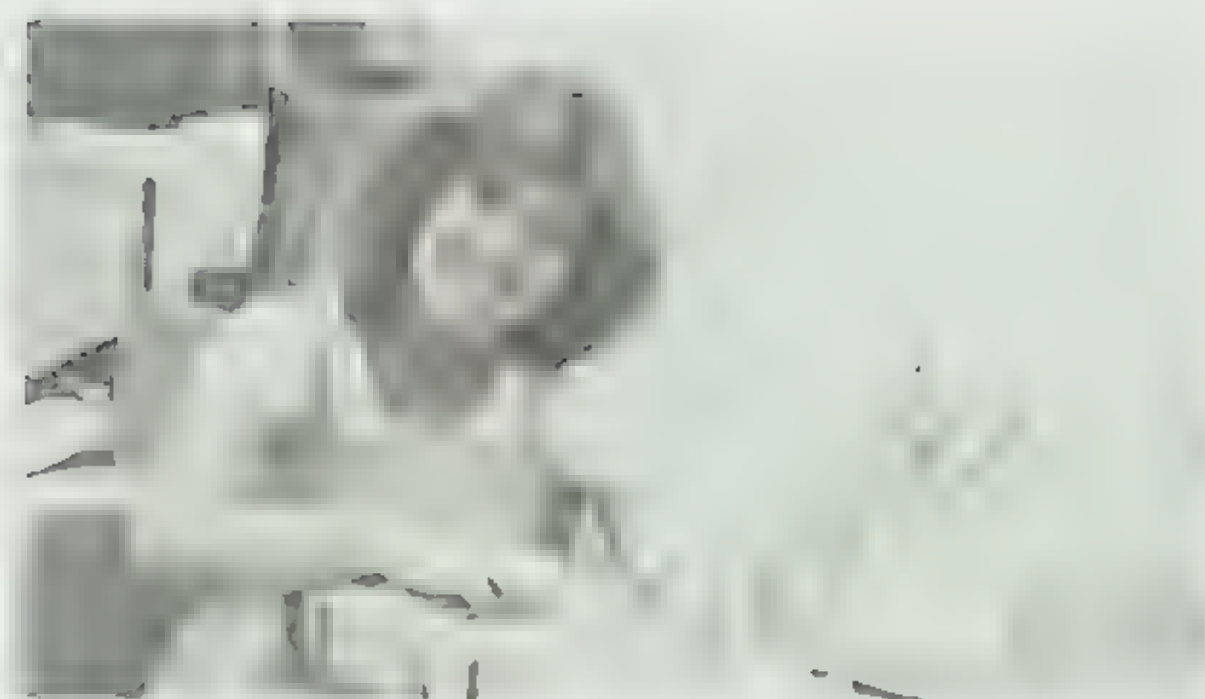

The Career Center helps students in selecting careers and gives students an opportunity to check on grades and credits. In the Career Center, each student has a career planning folder, which is available at all times. Some students also elect to be aides in the Career Center. These aides assist students in using the many materials available to them.

# Office, Cafeteria Aides Both Work Towards Purpose

Edison employs many people who, because they are neither administrators nor teachers, are almost unrecognized. They are the innumerable amount of clerks and secretaries who, with the help of many student aides, perform tasks such as clerical work, issuing readmits, and operate the switchboard, as well as maintaining 3800 student transcripts

Another group who remain virtually anonymous is the staff of the cafeteria and snack bar. Edison's cafeteria serves over 500 students daily, in addition to a countless number of students who take advantage of the snack bar. Many students also volunteered to work in the cafeteria and snack bar to help students receive food faster

## Taking Time To Talk At School

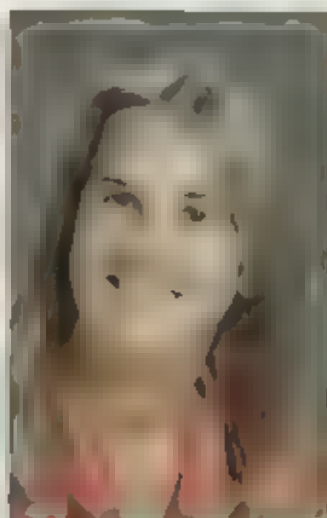

Talking seems to be one of the biggest past times for many seniors at Edison High. Even though most seniors leave before lunch, they seem to find time between classes and before school. Going to college, jobs, parties, getting out, and the prom were just a few of the things that came up between seniors when they met.

# A Variety Of Activities Occurs At Lunch

A variety of activities go on during lunch. They range from the never-ending routine of homework to the more casual and popular "socializing." Students talk about the upcoming week-ends, what's happening in their classes, and who's going with whom.

## "We Believe" Guides Varsity Into CIF

The Varsity football team fought all the way with the slogan "We Believe." The enthusiasm and spirit of the team was their guide. It's hard work everyday but it paid off in the end, since they went to the C I F playoffs with their high hopes. Edison played St. Paul the first game in C.I.F. and lost 14-7.

# Homecoming Nominees Make Appearances

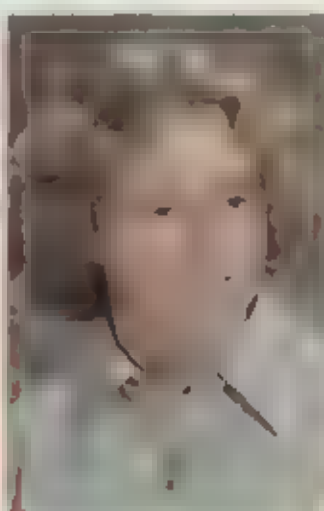

Homecoming is one of the biggest events of the year. Fifteen seniors have the joy of being semi-finalists for Homecoming Queen. These girls are nominated in various ways and are voted on by the entire school. The six finalists are announced at a pep-assembly, and on the night of the game the winner is announced. This year's queen was Lynne Harris.

Homecoming finalists Teresa L. Smith, Kimber Griffith, Cerna Wang, and Lynne Spang anxiously await the crowning ceremonies.

## Every Senior Spends His Lunch Differently

With only a thirty minute lunch and cafeteria lines very long, many seniors spend their lunch time waiting in line, while others spend their time at club meetings, pep assemblies, or just talking to friends

# Seniors Take Time To Talk At Lunch

Lunch at Edison is a very interesting experience. On Wednesdays and Fridays, single lunch days, there is much time spent standing in lines. But with a school population of 4,000 students, this is to be expected. Students don't really mind lines though, for it gives them a chance to gossip and talk.

## Cool Man Contest Is A Success

Many strange events took place this year on spirit week. One of the strange but successful events was the "Cool Man Contest" in which a representative from each class was supposed to remain sitting on a block of ice for the longest amount of time. The seniors won spirit week, but the juniors had the coolest rear ends in town winning the cool man contest.

# Spirit Of '78 Shines Through

The seniors of Edison High School have always had an abundance of spirit and involvement in activities. The Class of '78 has certainly been no exception. It is the active seniors that have helped to produce the activities which have enabled that not uncommon Edison spirit to shine through. From lunch-time football to the Charger horse, seniors were active.

## Pepsters Discuss Their Activities

Some seniors got involved at Edison by becoming pepsters. They performed at football and basketball games and led school spirit. Each week the pepsters got together and made posters to put up around school and during the games. Besides the use of posters to create spirit, the pepsters sold ribbons and other spirit boosters.

# Seniors Win Trophy Despite Muddy Loss

The Slave Sale and Tug-o War over a mud-pit are just a small part of Spirit Week activities. Some of the other events are the Almost Anything Goes, Cool-Man Contest, and the hat contest. # Halloween Brings Out The Beast In Us

Halloween was a very special event this year. Students were more involved then ever by dressing up in original costumes. We had everything from Playboy-bunnies to an old, old man. The most popular costumes were those of the bunnies, the cop, the Mafia gang, and the old man. The old man was judged the best costume of the day

## Visions From Storyland Made By Seniors

A southern beauty and a royal prince and his princess made appearances in the Halloween costume competition. There was a little bit of realism and fantasy in their costumes this year. The southern beauty had a slight hint of Scarlet O'Hara and the two castle inhabitants of the Renaissance. Wonder what's going on in storyland?

The royal prince, Mike Weber, and his princess, Michele Britt, and Little Bo peep, Karen Anderson, compete in the Halloween competition.

# Seniors Find Places Of Solitude

Attending a school that has a large student body often becomes quite hectic. Many times it is necessary to seek out a solitary spot on campus to just relax and think for a while. Whether this is sitting in the bowl during a free period, or just resting around one of the new planters, the need to relax is present.

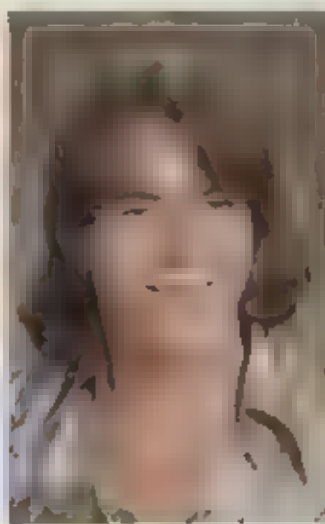

Chris Packow and friend spend time thinking with each other while Debra Urquhart spends time alone.

## Eating Is Important To The Seniors

The eating habits of the students range from pastrami sandwiches to bag lunches to Naugles. During split lunches, students have to rush to eat their lunches because of monstrous lines at the snack-bar. When students have time to eat, they think up crazy ways of eating.

## Pies And Cameras Make The Moments For Seniors

Once again the seniors had a victory over the lower classmen during Spirit Week. The seniors were awarded the spirit trophy at the pep assembly. The activities included a slave auction, beard growing contest, pie eating contest, and a tug-o-war. Many seniors got involved in the festivities to show their enthusiasm and school spirit.

## A Time In The Day To Talk With Friends

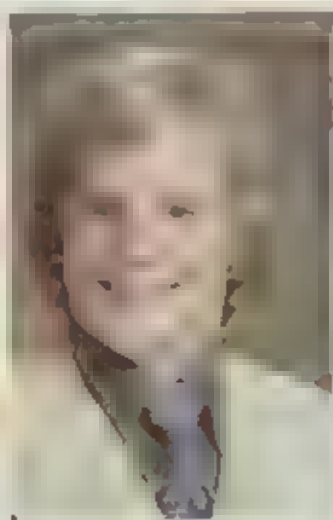

Before school, between classes, at lunch, and after school is the best time we have to talk with friends. Conversations consist of everything from "what's Monday's homework?" to "What's happening on Friday night?". Whenever you talk about anything, its great to have friends.

# A Moment To Ourselves On A Busy Campus

For seniors and juniors, the school day begins at 7:30 a.m. That's why it's nice to get away from all the students, teachers, and noise here at Edison and just be by yourself. It gives you time to plan for the future and reminisce about the past; time to find out who you are. With 4000 students at Edison finding a quiet spot is sometimes hard to do.

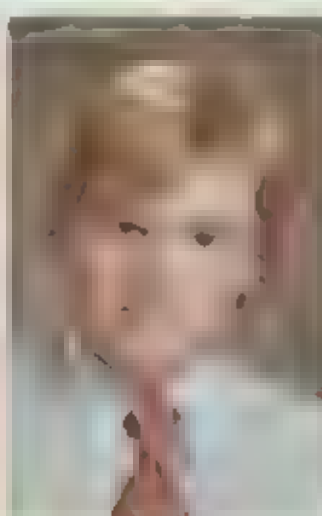

Marilyn Fleming and Marie McKinley take time to think about the future.

## Chargers Show Emotion Prior To Big A

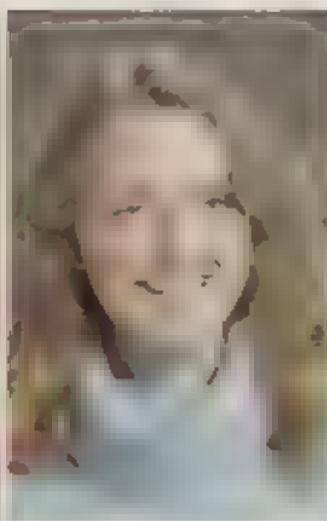

Each and every student seems to express himself or herself differently. It's definitely a common occurrence every day on our campus. It might be someone cheering at a pep assembly or someone laughing, but whatever it is, we seem to show our unique emotions in our everyday life at school.

## Almost Anything Goes At Spirit Week

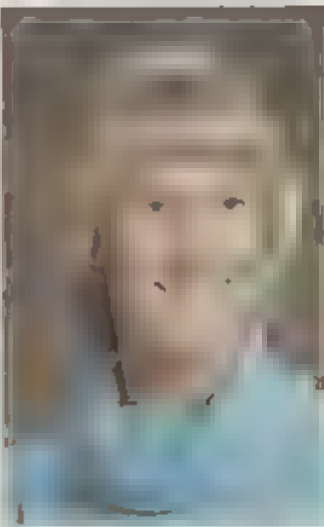

The auctioning off of slaves was one of the most popular events of Spirit Week. Several seniors participated and one trio was auctioned off for \$16. Almost Anything Goes was another event that was popular with seniors. The four students that represented the senior class braved water-balloons and snow to lead the seniors to yet another victory.

# Photographers Everywhere

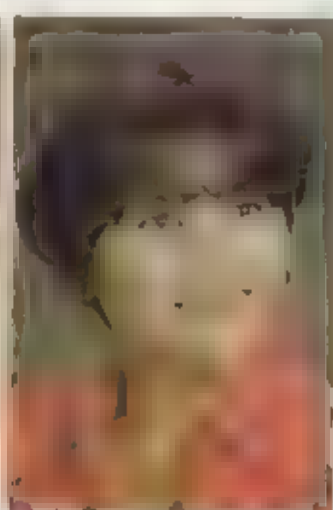

It seems as if everywhere you turn around you run into someone with a camera in their hand. Its one of the more popular classes on our campus and it attracts many students. You learn how to take interesting pictures and also how to develop your own. Its not surprising to look at someone and find out they just clicked a picture of you.

## Spirit Week Is Fun

Each year before Homecoming, a week is set aside to be a "Spirit Week". This year the juniors tied for second place with the freshmen and sophomores. Spirit Week is considered by many juniors to be the "greatest of the year."

## Juniors Enjoy History

The history class, American Studies, is a favorite of the juniors. Whether the work be hard or easy, they are finding that they are both learning and enjoying the class thanks to the efforts of their teachers.

# Mastering Math

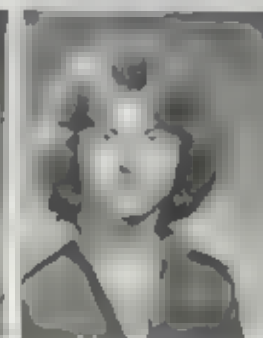

Math is an important part of school studies. The math interest of eleventh graders runs from Basic Algebra to Geometry to Algebra II. For one junior, "it seems that the teachers love to rack our brains with too much homework!"

# Super Smiles

Here at Edison there is a lot to make people smile. Happy students and faculty create a pleasant atmosphere for learning. As evidenced by their smiling faces, the sophomores are probably the friendliest class at school this year.

One of the most informative classes required for graduation is American Literature. Many sophomores, however, consider Man and Civilization the most interesting of their classes. Physical Education is required of all, and enjoyed by most underclassmen.

## Sophomore Social Life

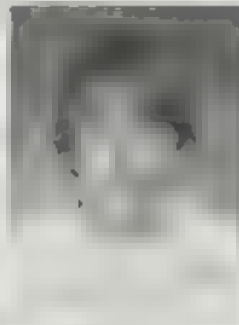

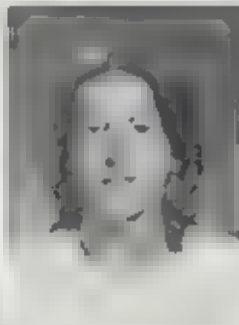

The Edison bowl is the most versatile gathering place on campus. Filled by students at lunch, it also serves as a meeting place for friends all through the day. Occasionally bands play and provide music for the student body.

# Driving And Learning

Traffic and Safety is a combination of classroom lecture, driving simulation, and actual driving. It introduces the student to basic skills which are essential to good driving. As one sophomore said, "This class is fun, and I learn a lot".

## Freshman Politics

Freshman participation reached its highest level at the election of class officers. Although unruly, the elections were finally accomplished. Robin Greathouse was elected president, and Kim Ramlow was elected vice-president.

# Remember When?

When each year has its own "happenings," this year had the most. With the deaths of Bing Crosby, Elvis Presley, and Freddie Prinze;

the worst brush fire ever recorded; and the first flight of the Space Shuttle, this year is a year that no one will be able to forget.

Opposite page 100 During the World Series game Reggie Jackson became the hero by hitting three home runs in the game (bottom). The Space Shuttle Enterprise rides atop its 4 over the California desert during its first flight.

This page (top) George Washington, a nation's founder, climbs the Washington Monument in New York City (bottom). The king of rock n' roll, Elvis Presley, died in September of 1977.

From the beginning of school to the last day, every student's involvement helps to make the year more interesting. Between football season and graduation day, many things happen ranging from pep-assemblies and sport practices to a senior prank. Student involvement just makes the year more interesting

# Students Still Show An Interest In Traditions

100 students who were attracted to the Army for a brief moment. Sgt. Dale Cliff, an Army speaker, Oliver Wick, and his team ran down the hall during the late evening.

To the: The crowning of the Queen on  
 Courts is a popular tradition.  
 From Mike to Ted, Stuart, Pat,  
 Frederick and Wayne, these young  
 men represent all that is best in  
 school.

## Popular Traditions Continue

From the traditional crowning of the Homecoming Queen and the football game against Fountain Valley to Senior Pranks, each annual happening is anticipated with eagerness. The semi-formal dances, continuous awards won by organizations, and the football team going into CIF have all become great traditions. The traditions themselves do not change, but the students change the style with which they are observed each year.

(below) The Varsity football team runs onto the field before a football game at LeBar Stadium.

# Time Used Differently

From the first day of your freshman year to graduation day, students try to make the best of their time. Whatever the grade, some students take classes to help them for college, a job, or just clown around. Each student tries to make Edison more enjoyable.
